Nebraska Broadband Pilot Program
NUSF-77
Application of Inventive Wireless of Nebraska, LLC
Project: Scotts Bluff County Upgrade Project

1. A listing of all companies associated with the proposed broadband project.

   Inventive Wireless of Nebraska, LLC dba Vistabeam will provide the broadband and voice components in this project. Inventive Wireless of Nebraska LLC is a fixed wireless provider based in Gering, Nebraska. The point of contact is:

   Matt Larsen
   Vistabeam
   1225 Sage Street
   Gering, NE 69341
   Phone: 308-635-9434
   Email: mlarsen@vistabeam.com

2. A description of the proposed broadband project plan.

   Vistabeam is currently service this area with a system that can do 3meg down/1meg up speeds. In order to offer higher speeds, the access point and every current customer radio need to be swapped out for a new one capable of higher speeds and a higher capacity backhaul to the tower needs to be installed. Upon completion, this project would provide broadband service at speeds up to 8Mbps download and 2Mbps upload to an area of 795 square miles with a population of 26886 and upgrade service for 263 existing customers in the coverage area.

3. A description of which areas are "unserved" or "underserved."

   Based on the end-of-year 2011 data from the NTIA, the proposed project area encompasses some areas that are currently unserved and some areas that are currently served by broadband service at varying speeds.

4. An electronic map.

   Please see Attachment A. This attachment is confidential.

5. An estimate of the number of potential new broadband subscribers.

   This project will provide broadband service capable of reaching over 750 households. It will also upgrade 263 existing households.

6. A schedule for broadband deployment.

   Vistabeam intends to complete the buildout and deployment of broadband within 12 months of receiving NUSF-77 funding approval. Planning and engineering for this project is already completed. Vistabeam will begin installing base station equipment within 30 days of funding

approval, and customer radio swaps will begin within 30 days after the base station at the tower is installed.

7. Proposed budget

Please see Attachment B for the proposed budget. This attachment is confidential.

8. Proposed Retail Pricing

The retail pricing for the proposed project area will be the same as the retail pricing for broadband services in all of Vistabeam's service territory in Nebraska. The pricing will vary depending on the speed the subscriber chooses. The monthly recurring price for Vistabeam's broadband service is as follows:

1 Meg download/.5 Meg upload	$29.95/month
1.5 Meg download/.5 Meg upload	$34.95/month
2 Meg download/1 Meg upload	$39.95/month
3 Meg download/1 Meg upload	$44.95/month
4 Meg download/1 Meg upload	$49.95/month
8 Meg download/2 Meg upload	$69.95/month
12 Meg download / 2 Meg upload	$99.95/month

Vistabeam does not require the customer to subscribe to voice or video services.

There is no additional charge to lease a modem.

New customers pay a nonrecurring installation charge:
Standard Installation Charge: $99.95

Vistabeam reserves the right to adjust the retail pricing for broadband services in the future.

9. The applicant's commitment to offer broadband services within the project service area for a minimum of five years.

Vistabeam commits that it will offer broadband service to the customers in the coverage area defined in this project for a minimum of five years.

10. The applicant's commitment to provide broadband data to the Commission.

Vistabeam commits that it will provide broadband data to the Commission and its vendors for the duration of the State Broadband Data and Development program for the Scotts Bluff County Upgrade Project.

11. The applicant's financial qualifications.

Please see Attachment C and D for financial qualifications. This information is confidential.

12. If no certificate of public convenience and necessity, a demonstration of the applicant's financial, technical, and managerial competence.

    Vistabeam has been successfully providing fixed wireless broadband services in Nebraska, Wyoming and Colorado for over ten years. This, along with the information in Attachments C and D, should satisfy all financial, technical and managerial competence requirements.

13. The applicant's financial match

    The proposed budget for this project was provided in Item #7 above. The total estimated cost of this project is $56460. Vistabeam will fund 25% of this project, or approximately $14115.

14. Affadavit attesting to the truth and accuracy of all information included in the application.
