FOR IMMEDIATE RELEASE

NEBRASKA INTERNET ENHANCEMENT FUND GRANT PRE-APPLICATIONS ACCEPTED BEGINNING SEPTEMBER 1

LINCOLN, AUGUST 30, 2016—A pre-application period for counties and municipalities wishing to apply for grants from the Nebraska Internet Enhancement Fund (NIEF) opens September 1.

The Nebraska Public Service Commission announced that beginning September 1, pre-applications will be accepted. Pre-applications are used by the Commission to determine whether potential projects meet the requirements for a NIEF grant award.

The NIEF, established in 2001 by the Nebraska Legislature, uses a share of the proceeds from public entities that lease dark fiber optics to fund grants for projects to install infrastructure to deliver broadband or other advanced telecommunications products throughout the state. The grants focus on areas of the state that are unserved or underserved by such services. The standard amount awarded to successful grant applicants is \$50,000.

Pre-application forms and other information on the NIEF grant program may be obtained on the Commission's website at www.psc.nebraska.gov or by contacting the Commission toll-free at 1-800-524-0017. Pre-applications will be accepted through October 14, 2016, with the formal application period beginning November 7. Pre-applications are required before an invitation to submit a formal application is issued.

A timeline recommended by an advisory board and approved by the Commission calls for final awards for the new grant period to be made in March 2017.

Previous grants have been awarded to the communities of Chappell, Elsie, Bushnell, Dix, the counties of Box Butte, Cheyenne, Dawes, Nemaha, Banner, Harlan and Furnas, and the Nebraska Cooperative Government.
