**Application Checklist Item #6:**

**“A schedule for broadband deployment with commitment to complete the build-out within 24 months of approval of the application. The schedule should describe milestones in project completion increments of 25 percent, and the estimated date by which the milestones will be completed.”**

*Narrative:*

If the application of Nebraska Central Telephone Company is approved for the rural, underserved area of Scotia, NCTC intends to have the construction completed in late 2014 if the timing of the project approval allows. Working under that assumption, NCTC has specified the major milestones and completion dates for the project, along with a timeline estimating the completion of each project milestone. Additional information regarding the project milestones or estimated completion dates will be provided to the Commission upon request.

Proposed rate, either monthly recurring (MRC) or non-recurring (NRC), for broadband related customer premise equipment (CPE, e.g. modem). If none listed, please state that applicant will not be charging a rate to the end user for broadband CPE.”**

*Narrative:*

Nebraska Central Telephone Company is committed to offering broadband services at reasonably comparable rates for comparable services in urban areas. NCTC has included in this application an Excel spreadsheet detailing the proposed retail pricing that will be effective in the third quarter of 2014, including both the monthly recurring pricing of broadband services offered through this project, as well as any nonrecurring costs associated with the broadband services offered through the proposed project. Pricing is reflected for standalone broadband service, broadband service with voice service, and a broadband/voice service bundle which provides the greatest value to the customer.
