

Q. Prior to assuming your current positions what was your employment background?

A. Prior to coming to Cambridge 13 years ago, I spent time in both the golf industry and the retail sales space. I was an assistant golf professional for a semi private golf course in Gilbert, Arizona. In the 13 years I have been with Cambridge, I have held many positions within Cambridge from outside sales and retail sales, to project management of wire line and wireless deployments. Most recently I have been in charge of Cambridge's fiber-to-the-home project which we completed in 2009.

Q. Please describe the Applicant and its business.

A. Cambridge is a common carrier subject to the jurisdiction of the Nebraska Public Service Commission ("Commission"). Cambridge holds a certificate of public convenience and necessity issued by this Commission and operates general telecommunications businesses in Nebraska. The Commission's September 30, 2013 Annual Report to the Legislature regarding telecommunications shows that as of December 31, 2012, Cambridge served approximately 900 voice lines. Cambridge focuses on providing high speed internet and advanced telephone services to its customers in rural Nebraska.

Q. What is the purpose of your testimony?

A. My testimony is provided to support the application filed with the Commission by Cambridge for funding from the Nebraska Universal Service Fund Broadband Program ("Application"). The Application is incorporated in my testimony by reference.

Q. Can you please generally describe the Application?

A. Cambridge applied for funding for multiple projects and Cambridge filed applications for each project. Of these projects, I would like to focus the Commission's review on the

project we titled Bartley RCSA 6. This project will provide broadband service to rural customers located south of the town of Bartley in Cambridge's service territory.

Q. Are there additional details and supporting information in the Application?

A. Yes. These details are contained in the Application filed with the Commission.

Q. Do you support the Staff recommendation regarding the Application?

A. Yes. I appreciate the Staff's recommendation to approve the Application and believe that the Commission should adopt the Staff's recommendation regarding the Application. I would also add that the Application is unopposed by any third party.

Q. Does this conclude your testimony?

A. Yes.
