November 26, 2014

Mr. Mark Breiner  
Nebraska Public Service Commission  
Suite 300  
1200 N St.  
Lincoln, NE 68508

Dear Sir:

I am writing with the formal comments of the SMART-TD Nebraska State Legislative Board concerning the PSC rewrite of Rule and Regulation 182. The PSC has asked for comments until December 5, 2014 on their fourth set of proposed rules.

SMART-TD thanks the Commission for their diligent efforts on the rewrite. We have commented substantially on the record for the needed various rule changes offered up at both the February 19, 2014 hearing and the more recent September 25, 2014 hearing. We hope that the Commission will consider our earlier comments on those rules.

Concerning the hearing set for December 16, 2014, we appreciate the significant change the Commission has made on Section 006.02A. The record will show we suggested uninsured/underinsured motorist insurance of \$1,000,000 per person with a \$5,000,000 aggregate. We feel that would better protection for us but we are hopeful that the proposed amounts, when enacted, will provide a baseline of coverage.

SMART-TD again thanks the Commission for their interest and hard work on these issues.

Sincerely,

A handwritten signature in cursive script that reads "Bob Borgeson".  
Bob Borgeson  
State Director
