Commissioner ~ I am Diana Steskal, an affected landowner of the Keystone XL project. First and foremost, I would like to thank you for your time during the PSC Hearing which was held in Lincoln, NE. During the hearing I was unable to speak about a statement that was made by TC's witness Paul Furher, he spoke about how the irrigation systems and wells would not be affected by the preferred route. Please take the time to look at our testimonies (Byron's and Diana's), as you will find a map of our 3 irrigated quarters where the route cuts diagonally through all 3 quarters. On the NW quarter the route cuts between the pivot point and the well. We have 8 wells on our property, 6 irrigation wells and 2 domestic wells (1 stock) and they all are very close to, within 1/2 the pipeline route. The homestead well is within 450feet of the easement area. Thank You Diana Steskal

I appreciate your positive comments about our Hearing. I thought it was very good given the narrow focus that MOPSA gives the PSC.

Thanks for sending us this, Diana.
