

Merry Christmas, this is Tony Perkins, president of the Family Research Council here in Washington DC and I'm calling just to leave you a brief message to wish you and your family a wonderful Christmas season and a blessed New Year. This is the one time of year the world kind of slows down and has the chance to recognize God's gift to the world, Jesus. And our overarching mission here at the Family Research Council is to do that every day of the year. And we could not even come close to accomplishing this mission without your partnership, your faithful prayers, and your generous support.

I wanted to let you know how much you are truly appreciated and considered a vital part of this ministry. So, on behalf of my wife Luanna and our family and all of the families here at Family Research Council we want to extend our very best wishes to you and your family as we celebrate the birth of our Lord and Savior, Jesus Christ.

And I look forward to sharing the many challenges and opportunities that lay ahead in this coming year. Thanks again for all you do and for all you mean to us at Family Research Council. This call was paid for by Family Research Council and you can reach us at 800-225-4008.
