

Bacon Scripts

Hello, this is Congressman Don Bacon. I came to Washington to fight for what was important to our constituents. That's why I am hosting a live telephone town hall right now. I hope you will listen in with your neighbors, and just simply stay on the line. The call will focus on national security, economy, health care, and other issues important to our community. I would appreciate your thoughts. You will also have the opportunity to submit a question. If you are unable to participate at this time, please call our district office at 402-938-0300 or visit our website at bacon.house.gov to get more information. Again, please stay on the line and you will be connected to my live telephone town hall. If you would prefer to opt out of this telephone town hall permanently, please press 9. I thank you for your time.
