

Club for Growth Script

Hello, this is John calling on behalf of the Club for Growth asking for your help to stop Congress from pushing a new health care law that doesn't fully repeal the Obamacare disaster. If Ryancare passes, your health care will still be in the hands of Washington bureaucrats. Ryancare would risk coverage for millions, could increase premiums, and will even keep Obamacare's tax hikes. That's not what Congressman Bacon promised. Press 1 right now to tell Congressman Bacon not to fall for a fake repeal and to vote no on Ryancare. Again, press 1 right now and tell Congressman Bacon to live up to his promises and vote no on Ryancare. Thank you for your support. This call was paid for by the Club for Growth. 202-887-7035.
