

American Diabetes Association Scripts

Begin time: March 19 at 1:30 pm CT.

Hi this is Kevin Case with the American Diabetes Association. I'm calling to invite you to participate by phone or online in our Living with Diabetes Ask the Experts series of town halls. Our next presentation "What Can I Eat?" will be hosted tomorrow, March 20th at 2pm eastern time. Learn about how to make realistic food choices that not only fit into your life with diabetes or pre-diabetes but also make you feel better and improve your blood glucose. Join in to hear from others and ask your questions of our experts. We will call you tomorrow around 2pm eastern time and all you need to do is answer the phone to be automatically connected. If you have any questions, please call the American Diabetes Association at 1.855.565.0595. We look forward to your participation. Thank you.
