BY THE HEARING OFFICER:

The Nebraska Public Service Commission ("Commission") initiated this proceeding on August 29, 2023 to consider appropriate modifications to the Nebraska Universal Service Fund ("NUSF") high-cost distribution mechanism and associated reporting requirements. In the public hearing held on March 20, 2024, confidential information was offered into the record into the proceeding by counsel for the Rural Independent Companies ("RIC"). Redacted information was shared with other parties. The parties requested the entry of a Protective Order to govern access to confidential information. I hereby find that a Protective Order should be entered in accordance with that request which shall govern access to all confidential information filed in this proceeding.

In addition, the confidential exhibit offered by RIC and received by the Commission contained information derived from the State Broadband Cost Model ("SBCM") which has been used by the Commission in prior proceedings and currently in the high-cost distribution model. The confidential data may be subject to the licensing agreement executed with CostQuest Associates, Inc. ("CostQuest") which merits protection under the terms of that licensing agreement. Interested parties seeking access to this information must have executed the licensing agreement with CostQuest in order to obtain the information.

Notwithstanding any order terminating this proceeding, this Protective Order shall remain in effect until specifically modified or terminated by the Nebraska Public Service Commission.

executed the nondisclosure agreement and the licensing agreement shall receive a copy from which information claimed to be protected has been omitted.

- e. In the course of this proceeding, any hearings during which documents or information obtained pursuant to the terms of this order are likely to be disclosed shall be conducted in camera, attended only by persons authorized to have access to such information under this order, provided that there has been no prior Commission determination that the documents or information in question are not confidential. The transcript of such in camera proceedings shall be kept under seal.

6. Access to Record:

- a. - b. Appeal: Sealed portions of the record in this proceeding may be forwarded to any court of competent jurisdiction for purposes of an appeal, but under seal as designated herein for the information and use of the court. If a portion of the record is forwarded to a court under seal for the purposes of an appeal, the providing party shall be notified which portion of the sealed record has been designated by the appealing party as necessary to the record on appeal.

information that a party claims is confidential; it shall not be construed as an agreement or ruling on the confidentiality of any document. In the event that any party challenges a claim for protection under this protective order, the party objecting to the removal of the confidential designation bears the burden of demonstrating the harm that would result from public disclosure of the material for which protection is sought. Any party may challenge the characterization of any document or specific information claimed by the providing party to be confidential in the following manner:

- a. A party challenging the confidentiality of any materials pursuant to this order shall first contact counsel for the providing party and attempt to resolve any differences informally.
- b. If the parties cannot resolve the disagreement informally, the party challenging the claim for protection shall do so by filing a motion with the Commission, which identifies with specificity, the material challenged and requests a ruling whether a document or information is confidential.
- c. Within three business days of service of a motion for determination of confidentiality, the party claiming confidentiality shall deliver under seal all of the relevant documents and information to the Commission for an in camera inspection by the Commission or its designated hearing officer.
- d. A ruling on the confidentiality of the challenged document or specific information shall be made by the Commission after an in camera hearing which shall be conducted under circumstances such that only those persons duly authorized hereunder to have access to such confidential materials shall be present. Such hearing shall be held as expeditiously as is practicable following delivery of the relevant documents and information to the Commission.
- e. The record of said in camera hearing shall be marked "CONFIDENTIAL--SUBJECT TO THE PROTECTIVE ORDER IN APPLICATION NO. NUSF-139." Court reporter notes of such hearing shall be separately bound, segregated, sealed and withheld from inspection by any person who has not executed a nondisclosure agreement in accordance with this order.

- f. If the Commission rules that any document or specific information should be removed from the restrictions imposed by this order, no party shall disclose such document or specific information, or use it in the public record for five business days unless authorized by the providing party to do so. The provisions of this subparagraph are entered to enable the party claiming protection to seek a stay or other relief from the Commission's order denying that party such protection.
9. Should Confidential Materials be inadvertently disclosed, any person who identifies the disclosure must immediately notify the Commission of the disclosure and destroy any copies of the Confidential Materials in their possession or control. No additional copies of Confidential Materials shall be made. Any further disclosure or use of Confidential Materials is strictly prohibited and shall constitute a violation of an order of the Commission.
10. All Confidential Materials shall be submitted to the Commission through secure transmission. Such materials shall be marked as Confidential prior to submission. Participants shall take all reasonable precautions necessary to ensure that Confidential Materials are not distributed to unauthorized persons. The use of such precautions does not, however, alter or extend any filing deadlines previously set in this matter. It is the Participant's responsibility to ensure that all materials, including Confidential Materials, are filed in a timely manner.
11. The Commission or the Hearing Officer may alter or amend this Protective Order as circumstances warrant at any time during the course of this proceeding.
12. This Protective Order governs only Confidential Materials filed in the course of the above-captioned proceeding. Materials submitted in other Commission proceedings are not included in the scope of this Protective Order.
13. Nothing in this Protective Order shall be deemed to preclude any Participant from independently seeking through discovery in any other administrative or judicial proceeding information or materials produced in this proceeding under this Protective Order.
14. Any violation of this Protective Order shall constitute a violation of an order of the Commission.

## ATTACHMENT "B"

CostQuest Associates, Inc. Restricted SBCM License Limited to Use Solely for Review and Evaluation for Purposes of the above-captioned proceeding.

THIS LIMITED LICENSE ("Agreement") is made effective as of \_\_\_\_\_ of \_\_\_\_\_, 2024, between CostQuest Associates, Inc. ("Licensor") and the \_\_\_\_\_ ("Licensee") with respect to (i) Licensor's proprietary State Broadband Cost Model software application ("SBCM"), to which Licensee may gain online access if, and only if, it is provided for and agreed to in a separate statement of work (ii) the output of SBCM ("SBCM Output") and (iii) the output of Licensor's CostPro software ("CostPro Output"), which supports and is used in SBCM and is therefore indirectly accessed by Licensee (collectively, the "Licensed Materials").

Licensor hereby grants to Licensee, and Licensee hereby accepts, a non-exclusive, non-transferable, limited license to use the Licensed Materials, upon the following terms and restrictions:

### 1. License Grants and Restrictions

1.1. Licensee will utilize the Licensed Materials only in accordance with this Agreement and the Statement of Work ("SOW") dated October 15, 2015 between Licensor and Licensee in providing State broadband costing for use in registered State Universal Broadband Service Fund Proceedings and/or Workshops ("Registered Proceeding") for which the Licensee has been authorized to participate in (collectively the "Project"). Licensee will not resell, sublicense or use the Licensed Materials for any other purpose or in any other manner, including, without limitation, for an application service, consulting business or service bureau of any sort.

1.2. Licensee shall use the Licensed Materials solely for the preparation for and conduct of the Registered Proceeding and any concurrent related or subsequent related administrative or judicial proceedings and, except as provided herein, shall not use such Licensed Materials for any other purpose, including without limitation business, educational, research, governmental, or commercial purposes, or in any other administrative, regulatory or judicial proceedings. Licensee also shall not disassemble, decompile, reverse engineer, or otherwise recreate the Licensed Materials, or allow any other person to do so. Should the Registered Proceeding rely upon or otherwise make reference to the Licensed Materials in it a

legal or regulatory decision, it shall do so by redacting any proprietary information from the public version of the decision and by making the unredacted version of the decision available only to a court and to those persons entitled to access to Licensed Materials under this Agreement.

1.3. Licensee shall have the obligation to ensure that access to and use of Licensed Materials is strictly limited as prescribed in this Agreement and that Licensed Materials are retained in a secure place of limited access.

1.4. Upon termination of access to Licensed Materials, as defined in the SOW, Licensee shall at the option of Licensor, either return to Licensor or destroy all copies of Licensed Materials, and cease all further use of Licensed Materials for any purpose, other than Licensed Materials that have been filed in Registered Proceedings for which Licensee is authorized to participate in and output completed by Licensee prior to conclusion of the Project that may be used in future filings to a proceeding in regard to Registered Proceedings for which Licensee is authorized to participate in.

1.5. Derivative<sup>1</sup> output of the Licensed Material for a Registered Proceeding can only be shared as part of the Registered Proceeding with non-licensed individuals so long as that output is not a simple summary of the licensed model outputs and is summarized at a level at or above a company or study area level. A specific example of an appropriate derivative use within the Registered Proceeding would be taking the SBCM outputs and providing a table of supported locations and total support by company or by Study Area Code to distribute to others involved in the Registered Proceeding. (b) Except as specified in 1.3 (a) above, Licensee shall not, without the prior written consent of Licensor, make any copies of the Licensed Materials for distribution, access or use by parties who are not licensed users within the Registered Proceeding. On any copy of the Licensed Materials that Licensee is permitted to make or distribute, Licensee shall reproduce all copyright notices and any other proprietary legends of Licensor.

---

<sup>1</sup> In this case the derivative is assumed to be a support model wherein only Census Block Groups with average cost greater than or equal to the FCC benchmark (currently \$52.50) or an equivalent Registered Proceeding value are displayed in the public disclosure. Should the support benchmark be less than \$35, please contact CostQuest prior to publication.

- 1.6. Except with the prior written consent of Licensor, or as provided under this Agreement, no Licensed Materials may be disclosed further.
- 1.7. If any person requests disclosure of Licensed Materials outside the terms of this Agreement, requests will be made to Licensor.
- 1.8. Licensee shall at all times maintain the confidentiality of the Licensed Materials, handling the Licensed Materials in compliance with all applicable confidentiality or conflict of interest policies of Licensor, and may not sublicense, transfer, sell, rent, disclose, make available or otherwise communicate the Licensed Materials to any third party not an authorized participant in the Project, or use the Licensed Materials except as expressly authorized under this Agreement. Licensee is authorized to use the Licensed Materials only as expressly set forth in this Agreement and shall not use such output in any other manner including, without limitation, usage in Federal Communications Commission ("FCC") WC Docket No. 10-90, or in any manner in conflict with such FCC proceeding.
- 1.9. Should a Licensee violate any of the terms of this Agreement, such Licensee shall immediately convey that fact to Licensor. In the event that any portion of the Licensed Materials should come into the possession of unauthorized parties as a result of a breach by Licensee of this Agreement, Licensee will, at its expense and without limiting any other rights available to Licensor, immediately notify Licensor and use all commercially reasonable efforts to retrieve such materials and will reimburse Licensor for all reasonable expenses incurred by Licensor in attempting to retrieve such Licensed Materials. Nothing in this Agreement shall limit any other rights and remedies available to Licensor at law or in equity against any person using Licensed Materials in a manner not authorized by this Agreement
- 1.10. Licensee will limit its internal use of, and access to, the Licensed Materials to those employees or contractors of Licensee who are directly involved in the use and operation of the Licensed Materials for purposes of the Project and who have executed this Agreement where indicated below, agreeing to comply with the confidentiality and other obligations set forth in this Agreement ("Authorized Signatories"). Licensee may obtain access to the Licensed Materials for only such additional persons or entities as are specified on a written

addendum ("Addendum") to this Agreement fully executed by Licensee, Licensor and such additional persons or entities. Licensee shall notify Licensor immediately in writing if an Authorized Signatory leaves the employ of Licensee or otherwise ceases to meet any of the forgoing criteria. Licensee further shall notify all Authorized Signatories that Licensor may at any time disclose the names of all Authorized Signatories.

- 1.11. The Licensed Materials, including all output generated thereby and all copies and derivatives thereof, shall at all times remain the sole and exclusive property of Licensor.
- 1.12. If Licensee sells, makes available to a third party, or otherwise disposes of Licensee-owned media on which the Licensed Materials are or were resident, that media must be erased and scrubbed before such sale or disposal.
- 1.13. Disclosure of Licensed Materials as provided herein by any person shall not be deemed a waiver by Licensor of any privilege, trade secret claim or entitlement to confidential treatment of such Licensed Materials. Licensee, by accessing Licensed Materials, agree: (1) not to assert any such waiver; (2) not to use Licensed Materials to seek disclosure in any other proceeding; and (3) that accidental disclosure of Licensed Materials by Licensor shall not be deemed a waiver of any privilege, trade secret claim or entitlement as long as Licensor takes prompt remedial action.
- 1.14. If a court or a federal or state department or agency issues a subpoena for or orders the production of Licensed Materials that a party has obtained under terms of this Agreement, such party shall promptly notify Licensor of the pendency of such subpoena or order. Consistent with the independent authority of any court, department or agency, such notification must be accomplished such that Licensor has a full opportunity to oppose such production prior to the production or disclosure of any Licensed Materials.
- 1.15. In accessing or using the Licensed Materials, Licensee will not, by any action or inaction, violate laws or regulations promulgated by any governmental or quasi-governmental authorities or cause Licensor or any other participant in the Project, or their affiliates to violate any such laws or regulations.

1.16. Licensee accepts responsibility for (a) the selection of the Licensed Materials to achieve the result desired by Licensee; (b) limitation of access to the Licensed Materials; (c) the use of the Licensed Materials; and (d) the results obtained from the Licensed Materials.

1.17. Upon reasonable notice to Licensee, Licensor's auditors shall have the right to inspect Licensee's records relating to the Project as necessary for Licensor to verify Licensee's compliance with the SOW and the terms of this Agreement. Audits shall be conducted at Licensee's premises during normal business hours and in a manner that does not unreasonably interfere with Licensee's operations.

## 2. Disclaimer of Warranties

LICENSEE ACKNOWLEDGES AND AGREES THAT (A) LICENSOR HAS NOT MADE ANY EXPRESS OR IMPLIED WARRANTIES TO LICENSEE REGARDING THE LICENSED MATERIALS AND (B) THE LICENSED MATERIALS ARE BEING PROVIDED TO LICENSEE "AS IS," WITHOUT WARRANTIES OF ANY KIND. LICENSOR DOES NOT WARRANT THAT THE LICENSED MATERIALS ARE FREE FROM DEFECTS. #### 4. Limitation of Liability

4.1. IN NO EVENT SHALL LICENSOR HAVE ANY LIABILITY FOR DAMAGES SUSTAINED BY LICENSEE IN CONNECTION WITH THIS AGREEMENT, THE PROJECT OR THE POSSESSION OR USE OF LICENSED MATERIALS, INCLUDING, WITHOUT LIMITATION, ANY LOST REVENUES OR PROFITS, OR ANY DIRECT, INDIRECT, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

#### 5. Ownership of Intellectual Property

5.1. Licensee acknowledges that the Licensed Materials, including without limitation all output and derivatives of, as well as all modifications and customizations to the Licensed Materials, are proprietary to Licensor and that Licensor retains exclusive ownership of all such Licensed Materials and all proprietary rights associated therewith. Licensee shall, at the direction of Licensor, take all commercially reasonable measures to protect Licensor's rights in the Licensed Materials.

5.2. Except as expressly provided herein, Licensee is not granted any other rights or license to patents, copyrights, trade secrets, data or trademarks with respect to Licensed Materials. Licensee shall promptly notify Licensor in writing upon its discovery of any unauthorized use or infringement of the Licensed Materials.

#### 6. Confidentiality

6.1. It may be desirable and necessary for Licensor to disclose certain confidential and/or proprietary information ("Information") to Licensee. 6.2. The Information does not include any information that has been (a) received by Licensee from a third party having the right to disclose such, and without limitations on use or disclosure; (b) independently developed by or for Licensee by personnel or agents having no access to the Information; or (c) disclosed by Licensor to a third party without restrictions on disclosure or use.

Licensee provides the data input used to generate the Licensee Output Information solely to facilitate the Project as described in the SOW and this Agreement. Licensor agrees (a) not to use any Licensee Output Information for any purpose except as stated in this Agreement without the consent of Licensee; and (b) to limit disclosure of Licensee Output Information to those employees of Licensee who have a need to know and who have agreed in writing to protect Licensee Output Information from unauthorized disclosure or improper use.
