523 NIOBRARA AVE • PO BOX 246
HEMINGFORD, NE 69348
308-487-5500 • BBC.NET

This is a non-contiguous route.

Dawes County NBBP Project continues to make a footprint by the work Mobius has currently done. Mobius knows that Dawes County poses many difficult areas to try to get fiber to the home built out. It continues to be our companies goal to provide broadband to even them most remote areas!

Mobius has delivered fiber brodband to Dawes County and this is will add to the footprint of fiber in the rural areas of Dawes County.

This is one of the few opportunities to have someone reach these rural residents. Mobius has made it their mission to serve rural and remote customers and with the Broadband Bridge financial support we can make this happen.
