

Attachment C

Documentation to support delivery Broadband Services of 100/100 or greater.

Service Delivery

February 2021 – ATC began offering Fiber to the Home subscribers the following Broadband Services:

Fiber Max 100: 100 Mbps Symmetrical

Fiber Max 200: 200 Mbps Symmetrical

Fiber Max 1 GIG: 1000 Mbps Symmetrical

July 2021 – ATC added the following service option to the symmetrical services offering:

Fiber Max 500: 500 Mbps Symmetrical

Reporting

June 30, 2021 – FCC 477 Filing for Broadband Deployment and Subscription

- Service Deployment and Subscription at speeds greater than 100 Mbps DL and 100 Mbps UL

Advertising

February 2021:

- Broadband Plans and Pricing are advertised on <http://www.atcjet.net/pricing>
- Printed Materials are produced specifying Fiber to the Home Speed Tiers and Pricing options

August 2021:

- <http://www.atcjet.net/pricing>
 - Fiber Internet Services were edited to include the wording “Symmetrical”; further clarifying that the services in the above tiers have equal download and upload speeds provisioned.

Service Availability Matrix by Community – September 1, 2021

	Fiber				
	Max 50	Max 100	Max 200	Max 500	Max Gig
	\$39.95	\$49.95	\$79.95	\$99.95	\$119.95
	50x10	100x100	200x200	500x500	1gx1g
