**EXPLANATION OF SYMBOLS**

A revision of a Tariff page is coded to designate the type of change from the previous revision. These symbols, which appear in the right-hand margin of the page, are used to signify:

- C - Change
- D - Decrease Rate
- I - Increase Rate

COMPETITIVE LOCAL EXCHANGE CARRIER TARIFF

---

**TARIFF FORMAT**

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4<sup>th</sup> revised Sheet 14 cancels the 3<sup>rd</sup> revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level;
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
  - 2.1.1.A.1.(a).1.
  - 2.1.1.A.1.(a).1.(i).
  - 2.1.1.A.1.(a).1.(i).(1).
- D. Check Sheets - When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

**DEFINITIONS**

**LOOP START**

Describes the signaling between the terminal equipment or PBX/key system interface and the Company's switch. It is the signal requesting service.

**LOOPS**

Segments of a line, which extends from the serving central office to the originating and to the terminating point.

**MATR**

Minimum Average Time Requirement.

**MEASURED RATE SERVICE**

A type of exchange service provided with additional charges for local calling based on usage on the local network. Charges for local usage are calculated on time of day, calendar day, distance of call and duration of call.

**MEGABIT**

One million bits.

**MESSAGE RATE SERVICE**

A type of exchange service provided at a monthly rate with an additional charge for local calling based on the usage of the local network. One completed call is equal to one message.

**MOVE**

The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

**MULTI-FREQUENCY ("MF")**

An inter-machine pulse-type used for signaling between telephone company switches, or between telephone company switches and PBX/key systems.

**MULTILINE HUNT**

A method of call signaling by which a call placed to one number is subsequently routed to one or more alternative numbers when the called number is busy.

**N/A**

Represents "Not Applicable."

**N/C**

Represents "No Charge."

**NETWORK CONTROL SIGNALING**

The transmission of signals used in the telecommunications system which perform functions such as supervision (control, status and charging signals), address signaling (e.g. dialing), calling and called number identification, audible tone signals (call progress signals indicating re-order or busy conditions, alerting) to control the operation of switching machines in the telecommunications system.

**DEFINITIONS****NETWORK CONTROL SIGNALING UNIT**

The terminal equipment furnished, installed and maintained by the Telephone Company for the provision of network control signaling.

**NODE**

The location to which digital channels are routed and where access is provided to such lines and associated equipment for testing.

**PBX**

A private branch exchange.

**PORT**

A connection to the switching network with one or more voice grade communications channels, each with a unique network address (telephone number) dedicated to the customer. A port connects a link to the public switched network.

**PRIVATE BRANCH EXCHANGE SERVICE ("PBX")**

Service providing facilities for connecting central office trunks and tie lines to PBX stations, and for interconnecting PBX station lines by means of a switchboard or dial apparatus.

**RATE CENTER**

A geographic reference point with specific coordinates on a map used for determining mileage when calculating charges.

**RECURRING RATES AND CHARGES**

The rates and charges that, unless otherwise stated herein, apply each month for services that the Company provides to the Customer. Such rates and charges shall continue to apply for each month that the Customer continues to obtain service(s) from the Company.

**REFERRAL PERIOD**

The time frame during which calls to a number which has been changed will be sent to a recording which will inform the caller of the new number.

**REMOVAL OF ACCOUNT**

A permanent cessation of telephone service caused by the Company and not voluntarily requested by a Customer.

**RESALE OF SERVICE**

The subscription to communications service and facilities by one entity and the reoffering of communications service to others (with or without 'adding value') for profit.

**SAME PREMISES**

All space in the same building in which one subscriber has the right of occupancy, and all space in different buildings on contiguous property when occupied solely by the same subscriber. ---

**DEFINITIONS****SELECTIVE ROUTING ("SR")**

A feature that routes an E911 call from a Central Office to the designated primary PSAP based upon the identified number of the calling party.

**SERVICE COMMENCEMENT DATE**

The first day following the date on which the Company makes the requested service available for the Customer's use, unless extended by the Customer's refusal to accept the service which may occur if such service is not in conformance with the standards set forth in the Customer's original Service Order or in this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

**SERVICE ORDER**

The written request of the Customer for the Company's service( s). The Service Order must be executed by the Customer in a format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

**SERVING CENTRAL OFFICE**

The central office from which local service is furnished.

**SHARING**

An arrangement in which several users collectively use communications service and facilities provided by a carrier, with each user paying a pro-rata share of the communication related costs.

**STATION**

Each telephone on a line and where no telephone associated with the line is provided on the same premises and in the same building, the first termination in station key equipment or a jack for use with a portable telephone.

**SUSPENSION**

Suspension of service for nonpayment is interruption of incoming and outgoing service. Suspension of service at the subscriber's request is interruption of both incoming and outgoing service.

**SYNCHRONOUS**

Transmission in which there is a constant time interval between bits, characters or events.

**T-1 SYSTEM**

A type of digital carrier system transmitting voice or data at 1.544 Mbps. A T-1 carrier can handle up to 24 multiplexed 64 Kbps digital voice/ data channels. A T-1 carrier system can use metallic cable, microwave radio or optical fiber as transmission media.

**TELEPHONE CALL**

A voice connection between two or more telephone stations through the public switched exchange system.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.1 Undertaking of the Company**

- 2.1.1 The Company undertakes to provide the services in this tariff on the terms and conditions and at the rates and charges set forth herein.
- 2.1.2 The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity. Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers.
- 2.1.3 The Company will provide a toll-free number giving Customers access to service personnel during regular business hours.
- 2.1.4 The Company will comply with any applicable quality of service requirements according to Nebraska laws and rules.

**2.2 Terms and Conditions**

- 2.2.1 Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. The Customer will be required to execute any other documents as may be reasonably requested by the Company.
- 2.2.2 Service is provided for a minimum period of at least one month, 24 hours a day. A month is considered to have thirty days unless otherwise specified. At the expiration of the initial terms specified in each service order, or in any extension thereof, service shall continue on a month to month basis at the then current tariffed, month to month rates, unless terminated by the Customer. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
- 2.2.3 This tariff shall be interpreted and governed by the laws of the State of Nebraska without regard for the State's choice of laws provisions.
- 2.2.4 Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.
- 2.2.5 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.6 In response to a subpoena or investigation or other demand issued or authorized by a court or government agency, the Company shall provide customer records and related information without further notice.

**SECTION 2 - GENERAL RULES AND REGULATIONS**

2.2.7 Customer shall not connect any equipment to the Company's network, except with at least ten (10) days prior written notice to the Company

2.3 Notification of Service Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in the normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service-affecting activities. The Company will work cooperatively with the Customer to determine reasonable notification requirements. With some emergency or unplanned service affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

2.4 Provision of Equipment and Facilities

2.4.1 The Company will make reasonable efforts to make services available to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with the regulations contained in this tariff. The Company does not guarantee availability by any such date and any liability of the Company will be limited by Section 2.5 of this tariff.

2.4.2 The Company shall use reasonable efforts to maintain the services that it furnishes to the Customer. The Customer may not rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the services provided by the Company, except upon the written consent of the Company. The Customer may not permit others to rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the services provided by the Company, except upon the written consent of the Company.

2.4.3 The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities, as well as the facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company.

2.4.4 Customer bears all responsibility in the event they utilize equipment not approved or authorized by the Company. Customer shall supply all electrical power and other utilities necessary to operate or use the services provided.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.4 Provision of Equipment and Facilities, (Cont'd.)**

2.4.5 The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of services offered under this tariff and to the maintenance and operation of such facilities. Beyond this responsibility, the Company shall not be responsible for:

- (i) the transmission of signals by Customer provided equipment or for the quality of, or defects in such transmission; or
- (ii) the reception of signals by Customer provided equipment; or
- (iii) network control signaling where such signaling is performed by Customer provided network control signaling equipment.

2.4.6 At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but at the Customer's request extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

**2.5 Liability of the Company**

2.5.1 The liability of the Company for damages arising out of the furnishing of its services, including but not limited to mistakes, omissions, interruptions, delays or errors, other defects, or representations by the Company, or use of these services or damages arising out of the failure to furnish the service whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth below. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.

2.5.2 The Company's liability for willful misconduct, if established as a result of judicial or administrative proceedings, is not limited by this tariff. The Company's liability, if any, with regard to delayed installation of the Company facilities or commencement of service, shall not exceed \$1,000. With respect to any other claim or suit, by a Customer or by any others, for damages associated with the ordering (including the reservation of any specific number for use with a service), installation (including delays thereof), provision, termination, maintenance, repair, interruption or restoration of any service or facilities offered under this tariff, and subject to the provisions of Section 2.7.2, the Company's liability, if any, shall be limited as provided herein.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.5 Liability of the Company, (Cont'd.)**

2.5.3 The Company shall be indemnified, defended and held harmless against any claim, loss or damage arising from the use of service offered under this tariff, involving:

- (i) claims for libel, slander, invasions of privacy or infringement of copyright arising from any communication;
- (ii) claims for patent infringement arising from combining or using the service furnished by the Company in connection with facilities or equipment furnished by others; or
- (iii) claims for loss of profit; or
- (iv) all other claims arising out of any act or omission of others in the course of using services provided pursuant to this tariff.

2.5.4 The Company's failure to provide or maintain services under this tariff shall be excused by labor difficulties, governmental orders, civil commissions, preemption of existing services to restore services in compliance with Part 64, Subpart D, Appendix A, of the FCC's Rules and Regulations, acts of God and other circumstances beyond the Company's control.

2.5.5 The Company shall not be liable for the Customer's failure to fulfill its obligations to take all necessary steps including, without limitation, obtaining, installing and maintaining all necessary equipment, materials and supplies for interconnecting the terminal equipment or communications system of the Customer, or any third party acting as its agent, to the Company's exchange access lines. If the Customer or its agent fails to maintain and operate its equipment and/or system or that of its agent properly, with resulting imminent harm to Company personnel, or the quality of service to other Customers, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written notice, terminate the Customer's service without liability.

2.5.6 With Respect to Emergency Number 911 Service

This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or person for any personal injury to or death of any person or persons and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by: (1) mistakes, omissions, interruptions, delays, errors or defects in the provision of this service, or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of any equipment and facilities furnishing this service.

## SECTION 2 - GENERAL RULES AND REGULATIONS

## 2.5 Liability of the Company, (Cont'd.)

## 2.5.7 With Respect to Directory Listings

- A. In the absence of gross negligence or willful misconduct, and except for any allowances stated below, no liability for damages arising from errors or mistakes in or omissions of any directory listings, or errors or mistakes in or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, shall attach to the Company.
- B. An allowance for errors or mistakes in or omissions of any published directory listings or for errors or mistakes in or omissions of listings obtainable from the directory assistance operator shall be given as follows:
- (i) Free Listings: For free or non-charged published directory listings credit shall be given at the rate of one times the monthly tariff rate for an additional or charge listing affected for the life of the directory or the charge period during which the error, mistake or omission occurs.
  - (ii) Charge Listings: For each additional or charge published directory listings, credit shall be given at the monthly tariff rate for each such listing for the life of the directory or the charge period during which the error, mistake or omission occurs.
  - (iii) Operator Records: For free or charge listings obtainable from records used by the directory assistance operator, upon notification to the Company of the error, mistake or omission in such records by the subscriber, the Company shall be allowed a period of three business days to make a correction. If the correction is not made in that time, credit shall be given at the rate of 2/20ths of the basic monthly rate for the line or lines in question for each day thereafter that the records remain uncorrected.
  - (iv) Credit limitation: The total amount of the credit provided for the preceding paragraphs (i) and (ii) shall not exceed, on a monthly basis the total of the charges for each charge listing as specified in paragraph (ii), for the line or lines in question.
  - (v) Definitions: As used in paragraphs (i), (ii) and (iii) above, the terms "error," "mistake," or "omission" shall refer to a discrepancy in the directory listing or directory assistance records which the Company has failed to correct and where the error affects the ability to locate a particular subscriber's correct telephone number. The terms shall refer to addresses only to the extent that an error, mistake or omission of an address places the subscriber on a street or a community different from the one provided to the Company.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.5 Liability of the Company, (Cont'd.)****2.5.7 With Respect to Directory Listings, (Cont'd.)****B. (Cont'd.)**

- (vi) Notice: Such allowances or credits as specified in paragraphs (i) and (ii) above, shall be given upon notice to the Company by the subscriber that such error, mistake or omission has occurred; provided, however, that when it is administratively feasible for the Company to have knowledge of such error, mistake or omission, the Company shall give credit without the requirement of notification by the subscribers.

**2.5.8 With Respect to Caller ID Blocking**

- A. The Company shall have no liability for monetary damages (including without limitation claims for direct, indirect, special, incidental or consequential damages, whether or not the Company has been advised of the possibility of such damages), arising from any failures, errors, malfunctions or omissions of Caller ID Blocking, whether or not arising from or relating to any ordinary negligence by the Company.

**2.6 Directory Listings**

- 2.6.1 The Company will, as a service to the Customer, arrange for listing of Customer's phone number in the local white pages telephone directories, such listing to consist of one line of standard type. The Company's liability with respect to directory listings is set forth in Section 2.5.7 preceding. Customer must contact its yellow pages representative concerning its advertising in yellow pages directories.
- 2.6.2 When a Customer with a non-published telephone number, as defined herein, places a call to Emergency 911 Service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for the Emergency 911 Service upon request of such governmental authority. By subscribing to service under this tariff, Customer acknowledges and agrees with the release of information as described above.
- 2.6.3 In conjunction with a non-published telephone number, the Company will not be liable for failure or refusal to complete any call to such telephone when the call is not placed by number. The Company will try to prevent the disclosure of such telephone number, but will not be liable should such number be divulged.
- 2.6.4 The Company shall not be liable for any act or omission concerning the implementation of presubscription as defined herein.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.7 Interruptions in Service**

An interruption is deemed to have occurred when the phone lines of the underlying carrier are inoperative. If a Customer reports a facility, service or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

**2.7.1 Temporary Suspension for Repairs**

The Company's underlying provider shall have the right to make necessary repairs or changes in its facilities at any time and will have the right to suspend or interrupt service temporarily for the purpose of making the necessary repairs or changes in its system. When such suspension or interruption of service for any appreciable period is necessary, the Company will give the Customers who may be affected as reasonable notice thereof as circumstances will permit, and will perform the work with reasonable diligence, and if practicable at times that will cause the Customer the least inconvenience. When the Company's services are being repaired or changed, it shall take appropriate precautions to avoid unnecessary interruptions of Customer's service.

**2.7.2 Credit Allowance for Interruptions**

- A. Interruptions of more than 24 hour periods which are reported to or detected by the Company, and which are not due to the negligence or willful act of the Customer are credited to the Customer at the pro rata monthly charge involved for each twenty-four hours or fraction thereof of interruption. Credit is not allowed for interruptions to service of less than 24 hours.
- B. For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the monthly recurring charges specified thereunder for local line or local trunk service and is dependent upon the length of interruption. Only those facilities on the interrupted portion of circuit will receive a credit.

**2.7.3 Limitations on Credit Allowances**

No credit allowances will be made for:

- (i) interruptions due to the negligence of, or non-compliance with the provisions of this Tariff by the Customer;
- (ii) interruptions which are restored on or before the day after the interruption is reported or discovered by the Company.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.8 Obligations of the Customer****2.8.1 Customer Responsibility**

The Customer shall be responsible for:

- (i) the payment of all applicable charges pursuant to this Tariff;
- (ii) providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's services.

**2.8.2 Claims**

A. With respect to any service provided by the Company, Customer shall indemnify, defend and hold the Company harmless from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorney's fees for:

- (i) Any loss, destruction or damage to property of the Company or any third party, or the death or injury to persons, including, but not limited to employees or invitees of either party, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or
- (ii) Any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by Customer, including, without limitation, use of the Company's services and facilities in a manner not contemplated by the agreement between the Customer and the Company.

**2.8.3 Station Equipment**

The Customer is responsible for providing and maintaining any terminal equipment on the Customer premises. The electric power consumed by such equipment shall be provided by, and maintained at the expense of, the Customer. All such terminal equipment must be registered with the FCC under 47 C.F.R., Part 68 and all wiring must be installed and maintained in compliance with those regulations. The Company will, where practicable, notify the Customer that temporary discontinuance of the use of a service be required; however, where prior notice is not practicable, nothing contained herein shall be deemed to impair the Company's right to discontinue forthwith the use of a service temporarily if such action is reasonable under the circumstances. In case of such temporary discontinuance, the Customer will be promptly notified and afforded the opportunity to correct the condition which gave rise to the discontinuance, credit allowance for service interruptions as set forth in Section 2.7.2 is not applicable.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.8.4 Interconnection of Facilities**

- A. Any special interface equipment necessary to achieve compatibility between the facilities used by the Company for furnishing local exchange service and the channels, facilities, or the equipment of others may be provided at the Customer's expense. Customer shall be liable for damages resulting from Customer's use of non-compatible equipment.
- B. Local services may be connected to the services or facilities of other communication carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communication carriers which are applicable to such connections.
- C. Services furnished under this tariff may be connected to Customer provided terminal equipment in accordance with the provisions of this tariff.

**2.8.5 Inspections**

- A. Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in this tariff for the installation, operation, and maintenance of Customer-provided facilities and equipment to Company-provided facilities. No credit will allowed for any interruptions occurring during such inspections.
- B. If the protective requirements for the Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice the customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

**2.9 Payment Arrangements**

The Customer is responsible for payment of all charges for services furnished by the Company to the Customer or its Authorized Users. Objections must be received by the Company within a reasonable period of time after receipt of bill, or all the charges shall be deemed correct and binding upon the Customer. If an entity other than the Company imposes charges of the Company, in addition to its own internal costs, in connection with a service for which a Company nonrecurring charge is specified, those charges may be passed on to the customer.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.9 Payment Arrangements, (Cont'd.)****2.9.1 Taxes and Surcharges**

The Customer is responsible for the payment of any sales, use, excise, access or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision of local exchange service, all of which shall be separately designated on the Company's invoices. Any taxes or surcharges imposed by a local jurisdiction (e.g. county and municipal taxes) will only be recovered from those Customers located in the affected jurisdictions. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.

**A. Dual Party Relay Service Surcharge**

All Customers will be assessed a per line surcharge to support the Nebraska Dual Party Relay Service program. The surcharge will be based on a monthly snapshot of lines associated with each Customer's account. No fractional debits or credits will be given. This surcharge will appear as a separate line item on the Customer's bill. The amount of the surcharge will be equal to the per line assessment paid by the Company as determined by Nebraska law or Commission rules rounded up to the nearest whole cent.

Monthly Charge	
Per access line	\$0.03

**2.9.2 Bills and Collection of Charges**

- A. Bills will be rendered monthly to Customer. Fixed monthly recurring charges are billed in advance. Usage charges and minimum charges for service are billed in arrears. Customer shall be liable for all accrued local charges, directory charges, long distance charges and other charges arising prior to the service commencement date, as defined herein, and shall pay the Company for any such charges which may be assessed against the Company in any manner.
- B. All service, installation, monthly recurring charges and nonrecurring charges are due and payable upon receipt.
- C. For new customers or existing customers whose service is disconnected, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

## 2.9 Payment Arrangements, (Cont'd.)

## 2.9.2 Bills and Collection of Charges, (Cont'd.)

- D. Amounts not paid within 30 days after the date of invoice are considered past due. A late payment charge of 1.5%, or lower if required by law, per month shall apply to amounts shown on a monthly bill which remain after the due date. The late payment charge does not apply to any taxes the Company is required by law to levy on a customer. In the event the Company incurs fees or expenses, including attorney's fees, in collecting or attempting to collect any charges owed the Company, the Customer will be liable to the Company for payment of all such fees and expenses reasonably incurred.
- E. A \$25.00 charge will be assessed for checks with insufficient funds or non-existing accounts.
- F. If Customer chooses to place calls or receives calls via a non-Matrix Telecom affiliated carrier, the Company will not be liable for any charges related to such calls.

## 2.9.3 Disputed Bills

- A. The Customer shall notify the Company of any disputed items on a bill within a reasonable period of time after receipt of the bill. The existence of a disputed amount does not relieve the customer of their obligation to pay current charges. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Commission in accordance with the Commission's rules of procedure.
- B. The date of the dispute shall be the date the Company receives sufficient documentation to enable it to investigate the dispute.
- C. The date of the resolution is the date the Company completes its investigation and notifies the Customer of the disposition of the dispute.
- D. If after investigation and review by the Company, a disagreement remains as to the disputed amount, the customer may file an appropriate complaint with:

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.10 Discontinuance of Service**

The discontinuance of service by the Company pursuant to this section does not relieve the Customer of any obligation to pay the Company for charges due and owing for service(s) furnished during the time of or up to discontinuance of service.

Upon the Company's discontinuance of service to Customer pursuant to this section, all applicable charges, including termination charges, shall become due. This is in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff.

**2.10.1 Discontinuance of Service by the Company**

- A. The Company may discontinue or suspend service to Customer without prior written notice without incurring liability for the following reasons:
  - (i) The existence of an obvious hazard to the safety or health of the consumer or the general population or the Company's personnel; or
  - (ii) The Company has evidence of tampering or evidence of fraud.
- B. The Company may discontinue or suspend service to Customer upon no less than 5 days written notice without incurring liability for the following reasons:
  - (i) Customer violation of any of the provisions of this tariff, and/or violation of the Commission's rules and regulations;
  - (ii) Failure to pay a bill for service;
  - (iii) Failure to meet or maintain the Company's credit and deposit requirements;
  - (iv) Failure of the Customer to provide the Company reasonable access to its equipment and property;
  - (v) Customer breach of contract for service between the Company and the customer;
  - (vi) When necessary for the utility to comply with an order of any governmental agency having such jurisdiction;
  - (vii) Unauthorized resale of service.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.10 Discontinuance of Service, (Cont'd.)****2.10.2 Discontinuance of Service by Customer**

- A. If Customer cancels a service order or terminates service before the completion of the term for any reason whatsoever other than a service interruption (as defined in 2.7), Customer agrees to pay to Company the following sums which shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in this tariff, all costs, fees, and expenses incurred in connection with:
- (i) all nonrecurring charges reasonably expended by Company to establish service to Customer, plus
  - (ii) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus
  - (iii) all recurring charges specified in the applicable service order tariff for the balance of the then current term.

**2.10.3 Cancellation of Application for Service**

- A. Where, prior to cancellation by Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun.
- B. Applications for service may be cancelled prior to the start of service or prior to any special construction. No charges will be imposed except for those specified above.
- C. The special charges described above will be calculated and applied on a case-by-case basis.

**2.11 Restoration of Service**

When Customer's service has been disconnected in accordance with this tariff and the service has been terminated through the completion of a Company service order, service will be re-established only upon the basis of an application for new service.

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.12 Transfers and Assignments**

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties (i) to any subsidiary, parent Company affiliate of the Company; (ii) pursuant to any sale or transfer of substantially all the assets of the Company; or (iii) pursuant to any financing, merger or reorganization of the Company.

**2.13 Notices and Communications**

- A. The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- B. The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate an address on the bill for service to which the Customer shall mail payment for that bill.
- C. All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall have been presumed to have been delivered to the party on the third business day following the deposit of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- D. The Company or Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

**2.14 Promotional Offers**

The Company may, from time to time, make promotional offerings of its services. The promotional offerings may be limited as to the duration, the date and times of the offering and the locations where the offerings are made.

**2.15 Individual Case Basis (ICB) Arrangements**

Arrangements will be developed on a case-by-case basis in response to a bona fide request or prospective Customer to develop a competitive bid for a service not generally offered under this tariff. ICB rates will be offered to the Customers in writing and on a non-discriminatory basis.

**SECTION 4 – CONNECTION CHARGES****4.1 CONNECTION CHARGES****4.1.1 General**

Connection Charges are nonrecurring charges which may apply to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with the service to which they apply or are provided in this Section.

The Company alone may make changes in the location of its lines and equipment. When it is found that a move or change of such lines or equipment has been made by others, the Connection Charge for the underlying service will apply as if the work had been done by the Company.

The Customer may be assessed a charge for any move, add or change of a Company service. Move, Add and Change are defined as follows:

**Move:** The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

**Add:** The addition of a service to existing equipment and/ or service at one location.

**Change:** The change, including rearrangement or reclassification, of existing service at the same location.

**4.1.2 Exceptions to the Connection Charge**

- a) The Company may from time to time waive or reduce the connection charges as part of a promotion or trial.

**4.2 RESTORAL CHARGE**

A restoral charge applies each time a service is reconnected after suspension or termination for nonpayment pursuant to this tariff but before cancellation of the service.

Restoral Charge: \$187.50

**SECTION 4 – CONNECTION CHARGES****4.3 CHARGES ASSOCIATED WITH PREMISES VISIT****4.3.1 Premises Visit and Trouble Isolation Charge**

Premises Visit charges apply when the installation of network access facilities requires a visit to the Customer's premises. In addition, when a visit to the Customer's premises is necessary to isolate a problem reported to the Company but identified by the Company's technician as attributable to Customer-provided equipment or inside wire, a separate charge applies in addition to all other charges for the visit.

	<u>Per Visit Charge</u>
Per Premises Visit:	
- Initial 15 Minutes (or any portion thereof)	\$251.25
- Each Additional 15 Minutes (or any portion thereof)	\$31.25

**4.4 RATES AND CHARGES****4.4.1 Application of Service Charges**

Charges are applicable when the Company receives or processes requests for service.

**a) Service Connection Charge**

A Service Connection Charge applies for the connection of each exchange line, Private Branch Exchange (PBX) trunk, and Direct or Remote Access Line connected to an Intermediary Switching Arrangement. Service Connection Charges also apply to the relocation of existing service to a different premises or building.

**b) Miscellaneous Service Charge applies for:**

- 1) Each port rearrangement for Central Office Local Area Network Service.
- 2) Each existing line for which a Billing Agency Code is established or changed.

**SECTION 4 – CONNECTION CHARGES****4.4 RATES AND CHARGES (continued)****4.4.1 Application of Service Charge (continued)****c) Customer-initiated Order Charge**

When no other Service Charge is applicable, a Customer-initiated Order Charge applies per Customer order for:

- The change of exchange line telephone numbers
- The restoral of service suspended at the request of a Customer
- The establishment of a special Calling Card billing number
- The change to a Nonlisted or Non-Published Telephone Service
- The establishment of or changes associated with Fixed Call Forwarding or for activation of a message waiting indicator.
- The establishment or change of Remote Call Forwarding
- The establishment of Three-Way Call Transfer
- The subsequent ordering of blocking of Special Connection Request Service
- The rearrangement of ports in connection with Central Office Local Area Network Service
- The Customer requested data base changes associated with Central Office Local Area Network Service
- The establishment of Line Side Answer Supervision

**d) Change of Class or Grade of Service Charge**

A change of Class or Grade of Service Charge applies for changes in class or grade of service.

Service Charges are in addition to all other rates and charges that may be applicable for service. Service Charges do not apply to:

- a) Visits to a Customer's premises solely for the purpose of repair, maintenance or full or partial disconnection of Company provided service and equipment and no other chargeable activity is required, excluding premises wiring.
- b) Changes in the class or grade of service necessitated by a change in central office operation, including concurrent moves or changes necessitated by the change.
- c) Customer orders when one Customer accepts service and equipment from another Customer without lapse in the rendition of service, and no other work is required.

## 4.4 RATES AND CHARGES (continued)

## 4.4.1 Application of Service Charge (continued)

- e) Nonlisted or Nonpublished Telephone Service furnished to a Customer for short periods of time, usually one day, in connection with local and long distance message broadcasts of sporting events, conventions or other special events.
- f) Nonlisted or Nonpublished Telephone Service furnished to a Customer with other listed, nonlisted or nonpublished service in the same directory area.
- g) The establishment of Audiotex Call Restriction Service.
- h) Restricting a line from access to the usage capability of Custom Calling Services features that provide a per-use option.

## 4.4.2 Reserved For Future Use

## 4.4.3 Network Switched Services

Connection charges may apply when a Customer requests connection to one or more Network Switched Services as provided in Section 5 of this tariff. Orders for services for the same Customer account made at the same time for the same premises will be considered one request.

Charges may not apply if the features are ordered at the same time as other work for the same Customer account at the same premises.

## 4.4.4 Presubscription-2 (PIC)

Customers may be presubscribed to the carrier of their choice for both interLATA and intraLATA service. The Customer will incur a charge as provided below each time there is a change in the long distance carrier associated with the Customer's intraLATA or interLATA service after the initial installation of service. For example, if a Customer changes both its interLATA and intraLATA carriers simultaneously, a total of two (2) separate charges will apply (one for the interLATA change and one for the intraLATA change).

## SECTION 5 - NETWORK SWITCHED SERVICES

## 5.1 GENERAL

Network Switched Services provide a Customer with a connection to the Company's switching network which enables the Customer to:

- a) receive calls from other stations on the public switched telephone network;
- b) access the Company's local calling service;
- c) access the Company's operators and business office for service related assistance; access toll-free telecommunications service such as 8XX NPA; and access 911 service for emergency calling; and
- d) access the services of providers of interexchange services. A Customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive toll free service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (101XXXX).

Network Switched Service is provided via one or more channels terminated at the Customer's premises. Each Network Switched Service channel corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time.

Connection charges as described in Section 4 of this tariff apply to all services on a one-time basis unless waived pursuant to this tariff or a promotional or trial offering.

## 5.2 SERVICE DESCRIPTIONS AND RATES

The following Access Service Options are offered:

- DID Service
- Local Digital PBX Trunk Service
- Local ISDN PRI Service

Basic Local Line Service, Multi-Line Service, Local Analog PBX Trunk Service are offered with message rate local service.

All Network Switched Service may be connected to Customer-provided terminal equipment such as station sets, key systems, PBX systems, or facsimile machines.

Service may be arranged for two-way calling, inward calling only or outward calling only.

## SECTION 5 - NETWORK SWITCHED SERVICES

## 5.2 SERVICE DESCRIPTIONS AND RATES (continued)

## 5.2.3 Local ISDN-PRI Service

## 1) General

Local ISDN-PRI – Integrated Services Digital Network Primary Rate Interface (ISDN PRI) is a digital business service that provides PBX equipment and host computer access to a wide variety of switched services. These switched services include circuit switched voice (local calling, Message Toll Service, 800 and circuit switched data. Each ISDN PRI will allow connection of the aforementioned services via a single central office connection. This service allows PBX equipment and host computer type devices to connect to central office services in bulk quantity, rather than on a line by line or service by service basis. Local usage rates are as specified within this tariff.

Each ISDN PRI connection provides access from a Customer premises to the Company's circuit switched voice and circuit switched data via a 1.544 Mbps central office port termination and a 1.544 Mbps Digital Local Loop to the Customers premises. The Digital Local Loop is a DS1 with Clear Channel Capability. The rates and charges for the Loop are in addition to those for the ISDN PRI Port Connection. The central office port connection is provided in base capacities of twenty-three 64 Kbps "B" channels and one 64 Kbps "D" channel (23B+ D). The "D" channel is used for out-of-band signaling and control of the "B" channels. Where technology permits, "D" channels can be shared by multiple ISDN PRI's for the same Customer. "B" channels can be dedicated to each circuit switched voice and circuit switched data service by type or they can be shared among service types by using the call by call feature.

Where appropriate facilities do not exist, Special Construction charges will apply, as described within this tariff.

"B" Channel – "B" Channel (Bearer Channel) is a 64 Kbps digital channel capable of transporting circuit switched voice and circuit switched data.

"D" Channel – "D" Channel (Delta Channel) is a 64 Kbps digital channel used to transport signaling and control the B channels.

Out of Band Signaling – Out of Band Signaling is signaling that is separated from the channel carrying the circuit switched voice and data services.

## SECTION 5 - NETWORK SWITCHED SERVICES

## 5.2 SERVICE DESCRIPTIONS AND RATES (continued)

## 5.2.3 Local ISDN-PRI Service (continued)

## 1) General (continued)

Dynamic Channel Allocation – Allows the circuit switched voice and data services enabled on the ISDN PRI to share "B" channels and arrange them as a single trunk group. This allows incoming and outgoing circuit switched voice and data calls to utilize "B" channels on a call by call basis. Without this capability, each service will have a dedicated "B" channel.

Calling Number Delivery – All calling numbers presented to the services working on ISDN PRI can be delivered to the Customer's CPE, including calls made to Direct Inward Dialing Service telephone numbers. This feature is optioned on a per ISDN PRI Port basis only and is offered in appropriately equipped central offices.

Clear Channel Capability – The "B" channels on the ISDN PRI are clear, since all signaling and control functions are handled by the "D" channel. This allows all 64 kbps on each "B" channel to be used for Customer information over the ISDN PRI connection. Calls over the network may either be 56 kbps or 64 kbps depending on the public network in place between the ISDN PRI and the distant end of the call.

Digital Voice Transmission – All voice calls are transmitted using digital signaling.

Channel Configuration – Allows some or all B Channels to be dedicated to exchange and MTS, DID, or 800 Services. Multiple dedicated trunk groups can be established on the same primary port or group of primary ports.

Direct Inward Dialing Signal – Permits incoming dialed calls from the exchange network to reach a specific number serviced by Customer-premises equipment (CPE) without the assistance of an attendant. It also provides for the unique identification of the call based on digits sent to the CPE by the central office. The central office will outpulse digits to the CPE which can further process the calls as desired. Charges associated with blocks of DID numbers are located within this tariff.

Equal Access – Allows the Customer to preselect an Intra and Interexchange Carrier for each circuit switched voice or circuit switched data trunk group. The carrier designation can be changed for applicable charges as shown within this tariff.

Integrated Access Service provides a customer channelized high capacity (1.544 Mbps) facility<sup>1</sup> between a customer premises and its serving office for connection to services provided by the Company. Integrated Access Service allows a customer to integrate voice and data services on a single high capacity facility. The service characteristics and capabilities of the voice services described in this Section are as described in this tariff for multi line business service.

The customer selects a package of 12, 16, 20, or 23 voice lines for local exchange access. The balance of the facility's capacity is available for data applications. The rates herein are for the portion of the service dedicated to voice applications. Charges for nonregulated services and options will apply. Discounts for customers also subscribing to the Company's long distance service offerings may be available. The charges for voice lines are inclusive of appropriate End User Common Line Charges (EUCL).

Customers must sign a minimum one (1) year term agreement for Integrated Access Service. Full termination liabilities are assessed for early termination of service.

**SECTION 6 - ADDITIONAL SERVICES****6.1 CENTRAL OFFICE, LINE AND TRUNK FEATURES****6.1.1 General**

The features in this Section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

Central Office Calling Features are optional features of central office services furnished to individual line end users. The Company may furnish Central Office Calling Features where there is available central office equipment with the proper program updates as determined by the Company. Central Office Calling Features are only provided for basic access line services. The Customer will be billed a charge for each change made to features or a group of features included in the Customer's service.

**6.1.2 Description of Line and/ or Trunk Features**

The following features are for end user lines:

Call Forwarding Busy Line – This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

Call Forwarding Busy Line/Don't Answer – This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy or when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding Don't Answer -This feature automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding Variable -Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

## SECTION 6 - ADDITIONAL SERVICES

## 6.1 CENTRAL OFFICE, LINE AND TRUNK FEATURES (continued)

## 6.1.2 Description of Line and/ or Trunk Features (continued)

Call Trace -Allows a Customer to trace the most recent incoming call by dialing a code to automatically request that the Company record a caller's originating telephone number and the date and time of the call as well as the date and time the Customer initiated trace. The information is disclosed only to a law enforcement agency for investigation and case preparation purposes.

Call Waiting/Cancel Call Waiting -Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

Caller ID -Allows the subscriber to view the listed telephone number from which the incoming call is dialed before the call is answered. The calling number is displayed on a Customer provided compatible device attached to the Customer's telephone line.

Caller ID Deluxe -Allows subscriber to view listed name associated with the telephone number before the phone is answered. The calling number and name are displayed on a Customer provided compatible display device attached to the Customer's telephone line.

Remote Access to Call Forwarding - This feature combines call forwarding with remote access capability. In addition to the current call forwarding feature-access method, the Remote Access Call Forwarding feature provides Customers access from any tone-type address signaling capable telephone. The Customer dials a remote access directory number and then is guided by voice messages to enter their home or office telephone number equipped with the Remote Access Call Forwarding feature, a Personal Identification Number (PIN) and a feature code.

Repeat Call -This Automatic Redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/ free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer.

Repeat Call feature also allows Customers, having reached a busy number, to dial a code before hanging up. Repeat Dialing feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

## 6.1 CENTRAL OFFICE, LINE AND TRUNK FEATURES (continued)

## 6.1.2 Description of Line and/ or Trunk Features (continued)

The following types of calls cannot be accessed with Repeat Call:

- Calls preceded by an interexchange carrier access code
- Calls to 900 and 976 Service numbers
- Calls to 911 -Calls to Directory Assistance
- Calls to toll free 8XX Service numbers
- International Direct Distance Dialed calls

Return Call -Allows the subscriber to automatically redial the number of the last incoming call whether answered or not.

Caller ID Per-Call Blocking (PCB) -This blocking option will allow callers to block the passage of their telephone numbers and/ or names on outgoing calls by dialing a special code, prior to making each call.

Caller ID Per-Line Blocking (PLB) -Caller ID Per-Line Blocking will allow callers to automatically prevent the display of their telephone numbers and/ or names on a permanent basis unless the service is deactivated, on a per call basis, by dialing a special code.

Special Ring - This feature allows a Customer to have up to three (3) separate telephone numbers assigned to one local exchange line. Each telephone number will provide a distinctive ring on incoming calls to allow for identification of the incoming call. A distinctive call waiting tone for each telephone number will be provided, where facilities permit, to Customers also subscribing to call waiting.

Speed Dial 30 -Allows placing calls to thirty (30) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Speed Dial 8 -Allows placing calls to eight (8) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Three Way Calling/Call Hold -The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

Message Waiting Indicator -Stutter dial tone indicates that a message is waiting. Associated with subscribers of the Company voice mail services.

**SECTION 6 - ADDITIONAL SERVICES****6.2 DIRECTORY ASSISTANCE SERVICE****6.2.1 General**

A Customer may obtain assistance, for a charge, in determining a telephone number by dialing Directory Assistance Service.

**6.2.2 Description**

The Company furnishes directory assistance service to aid Customers in determining telephone numbers. No more than two (2) telephone numbers may be requested per call to directory assistance service.

Rates apply when Customers request Company assistance in determining telephone numbers of Customers who are located in the local service area of the Washington Zone. A call to directory assistance is considered completed whether or not the numbers requested are available from directory assistance records, or the information requested is normally provided by directory assistance.

**6.2.3 Exemptions**

Charges for Directory Assistance Service are not applicable to calls placed by persons who affirm in writing to the Company that a visual or physical handicap prevents them from using a telephone directory. This exemption includes Directory Assistance Service calls placed from a handicapped person's household, a business telephone service used exclusively by a handicapped person, and calls placed by use of a calling card furnished to handicapped Customers who indicate a need to use other telephones when away from their residence.

Handicapped Customers will be exempted from charges for Directory Assistance Service by means of the completion of an exemption form supplied by the Company. The handicapped Customer should notify the Company to make arrangements to be exempted.

The Company will provide a form to be signed by the Customer or the Customer's representative which when returned will establish the exemption. In addition, the Company will accept lists of handicapped Customers furnished by organizations and agencies which assist the handicapped as a substitute for individual written notification.

**6.2.4 Regulations**

For calls placed through a Company operator, the Operator Assisted Local Call Charge tariff applies. Operator Assisted Local Call Charge will not apply in the following cases:

- A. To reach the called Directory Assistance Service number when attempts by the Customer to direct dial such a call cannot be completed.

**SECTION 7 – SPECIAL ARRANGEMENTS****7.1 SPECIAL CONSTRUCTION****7.1.1 General**

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of Company Facilities may be undertaken by the Company on a reasonable-efforts basis at the request of the Customer. Special Construction is that construction undertaken:

- a. where facilities are not presently available, and there is no other requirement for the facilities so constructed; or
- b. of a type other than that which the Company would normally utilize in the furnishing of its services; or
- c. over a route other than that which the Company would normally utilize in the furnishing of its services; or
- d. in a quantity greater than that which the Company would normally construct;
- e. on an expedited basis; or
- f. on a temporary basis until permanent facilities are available;
- g. involving abnormal costs; or
- h. in advance of its normal construction; or
- i. when the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariff.

**7.1.2 Customer Acceptance**

Rates and charges for special construction shall be determined and presented to the Customer for its approval prior to the start of construction. No construction will commence until and unless the Customer accepts in writing the rates and charges as presented by the Company.

**7.1.3 Cost Computation**

Special Construction costs may include one or more of the following items to the extent that they are applicable:

- a. The installed cost of the facilities to be provided including estimated costs for the rearrangements of existing facilities. The installed cost includes but may not be limited to the cost of:
  - (1) equipment and materials provided or used;
  - (2) engineering, labor and supervision;
  - (3) transportation;
  - (4) rights of way; and
  - (5) shipping and delivery.

## SECTION 7 – SPECIAL ARRANGEMENTS

## 7.1 SPECIAL CONSTRUCTION (continued)

## 7.1.3 Cost Computation (continued)

- b. cost of maintenance;
- c. depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage;
- d. administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items;
- e. license preparation, processing and related fees;
- f. tariff preparation, processing and related fees;
- g. any other identifiable costs related to the facilities provided; or
- h. an amount for return and contingencies.

## 7.1.4 Termination Liability

To the extent that there is no other requirement for use by the Company and where the Company cannot fully recover its cost(s) if the Customer disconnects a specially-constructed facility or service, a termination liability shall apply for facilities specially constructed at the request of the Customer.

- a. The termination liability period is the estimated service life of the facilities provided.
- b. The amount of the maximum termination liability is equal to the estimated amounts for:
  - (1) Installed cost of the facilities provided including estimated costs for rearrangements of existing facilities and/ or construction of new facilities as appropriate, less net salvage. The installed cost includes but may not be limited to the cost of:
    - equipment and materials provided or used;
    - engineering, labor and supervision;
    - transportation;
    - rights of way; and
    - shipping and delivery.
  - (2) license preparation, processing and related fees;

**SECTION 7 – SPECIAL ARRANGEMENTS****7.1 SPECIAL CONSTRUCTION (continued)****7.1.4 Termination Liability (continued)**

- c. Calculating Termination Charges – Termination charges shall be computed in accordance with tariffed regulations in Section 7.1.4a and 7.1.4b or contractual agreements in effect. The termination liability method for calculating the unpaid balance of a term obligation is obtained by multiplying the sum of the amounts determined as set forth herein by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined herein shall be adjusted to reflect the redetermined estimated net salvage, including any reuse of the facilities provided. This amount shall be adjusted to reflect applicable taxes.

**7.2 NON-ROUTINE INSTALLATION AND/ OR MAINTENANCE**

At the Customer's request, installation and/ or maintenance may be performed outside the Company's regular business hours, or (at the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/ or night hours, additional charges may apply.
