

Attachment C

Qwest Corporation d/b/a CenturyLink QC

Valley Waterloo NBBP Grant Application

CenturyLink QC is an ETC that provides voice and broadband services to more than 70 exchanges including more than one hundred towns and cities across Nebraska. CenturyLink QC provides at least 100/100Mbps broadband service to residential locations in the Omaha metropolitan statistical area, Chappell, Valentine, and several other markets, and to businesses across the state through our Optical and Ethernet service offerings. CenturyLink QC is also in the process of constructing fiber-to-the-premise networks in several additional rural areas some of which include Minatare, Schuyler, Grand Island, and Tekamah. A copy of the Company's most recent FCC BDC for locations with minimum 100/100Mbps service in Nebraska is included as attachment C.1.

Service availability can be researched via our website <https://www.centurylink.com/>. Additionally, some areas are marketed under our Quantum Fiber brand and service availability can be researched via the following website <https://www.quantumfiber.com/homepage.html>.

CenturyLink QC consistently advertises in the Omaha media including radio, billboards and direct mail. Other marketing activities that may be utilized for broadband service areas:

- Digital marketing, such as pop-up ads on internet sites.
 - Door hanging with promotional information about the availability of Fiber internet services.
-
