The specified speed tiers and corresponding pricing are universally accessible in all regions served by Glenwood’s fiber network: Bladen, Blue Hill, Campbell, Franklin, Funk, Geneva, Hebron, Holdrege, Holstein, Keystone, Lawrence, Lemoyne, Norman, Roseland, Shickley, Superior, Upland, as well as rural Fillmore Counties.

Moreover, the speed and pricing details for services within the proposed service area will seamlessly integrate into Glenwood’s existing pricing structure, ensuring consistency and transparency across our service offerings.

Glenwood places a strong emphasis on providing unrestricted access to its services. We do not impose data caps, throttle speeds after usage limits, implement service contracts, or employ metered 'pay-as-you-go' structures. Unrestricted access is a fundamental element of Glenwood's Fiber-to-the-Premises (FTTP) networks. The capability to deliver broadband and internet services without the imposition of data caps or
