ANNUAL REPORT REMINDER

March 2, 2026

This letter is the final reminder to complete the annual NUSF and State 911 Contact and Database update, and the affidavit certifying whether the carrier uses or provides services deemed to pose a national security threat. All required information can be found on the Nebraska Public Service Commission website at:

<https://psc.nebraska.gov/telecommunications/annual-report-compliance-information>

All requested information is due to the Commission on or before April 30, 2026.

Please email the contact form and signed affidavit, in separate attachments, to: psc.telecom@nebraska.gov.

The Affidavits are required to be signed and notarized on a yearly basis by all Nebraska telecommunications providers. The Affidavits certify compliance with Nebraska Universal Service Fund (NUSF) and Enhanced Wireless 911 statutes, rules, and regulations, and Commission orders.

The Commission requires all companies, including wireline, wireless, Voice over Internet Protocol (VoIP), and paging companies to submit a regulatory contact for their company, including contact information. This contact information should be for the individual accountable for the regulatory responsibilities of the carrier. The correct regulatory contact information is critical to avoid additional fines and penalties which could result from delays in resolving violations of Commission orders, rules and regulations due to incorrect contact information.

Sincerely,

Cullen Robbins
Director of Communications
Nebraska Public Service Commission
