On the Stealth Broadband website, we show our pricing for 500/500 with a 2-year contract for \$55 per month. Below the pricing there is a line that reads "+\$5 per month + \$150 installation fee for no contract". This matches the \$60 per month that we have listed on our application for 500/500 with no contract. We list the 2-year contract option first as over 95% of our customers choose that option over a no-contract option.

* +\$5/mo. for NO CONTRACT
