Re: Three Rivers Energy Company 2018 – 2019 Annual Report

Dear Ms. Ackerman:

As you are aware, Three Rivers Energy submitted an Application to Withdraw Certificate of Authority with the Nebraska Public Service Commission. It is my understanding you have also received our \$200.00 filing fee for this Application.

Three Rivers Energy is no longer in the natural gas business and, therefore, respectfully requests to be removed from this program. If you require further information, please do not hesitate to contact me. Thank you for your attention to this matter.

Sincerely,

Thomas Skutt Jr. js
