# Let's discuss these topics

**1**

In Nebraska - Natural Gas goes to: Homes, Buildings, Industrial customers and Utilities for use in making electric power.

**2**

Black Hills Energy is a regulated utility and requests rate increases from the Nebraska Public Service Commission.

Basic Information about the Rate Case.

**3**

The Public Advocate is a position to represent rate payers to advocate for fair, just and reasonable rates for residential and small commercial customers.

**4**

The Town Hall meetings are An opportunity for the Ratepayers to:

1. Provide feedback.
2. Help the PSC achieve a fair rate
3. Help set affordable rates.

# Thank you
