

Attachment D – Non-Contiguous Statement

This project area is contiguous and therefore Attachment D is not applicable.

We note, however, that one portion of the project area polygon in Attachment A overlaps with authorized Federal RDOF grants. This overlap is tightly confined to a roadway and does not contain any locations served by the RDOF grants. The overlap is included in the polygon to depict a portion of the middle mile fiber route that is required for the last-mile build.
