

MEMORANDUM OF UNDERSTANDING

BETWEEN: Inventive Wireless of Nebraska, LLC dba Vistabeam ("Vistabeam") and
Glenwood Telecommunications, Inc. ("Glenwood")
RE: Vistabeam Garden County CPF-2 Application (2024)
DATE: March 25, 2024

By 5:00 p.m. CDT on Wednesday, March 27, 2024, Vistabeam agrees to modify the above application to exclude infrastructure and associated costs directly related to serviceable locations within the extrajurisdictional limits of the village of Lewellen. Glenwood has undertaken a privately funded project to provide fiber broadband connections to all businesses and homes in Lewellen within the next three (3) months. Glenwood and Vistabeam are exploring opportunities to create efficiencies through interconnection and transport coordination, including possible partnership with other rural providers and public entities to connect more Nebraskans in the Panhandle.
