TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

001 GENERAL.

001.01 DEFINITIONS. As used in this chapter, unless the context otherwise requires, the following definitions shall be used.

001.01(A) AFFILIATE. A person or entity that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with a jurisdictional utility or competitive natural gas provider. A voting interest of 10 percent (10%) or more creates a rebuttable presumption of control.

001.01(A)(i) SHARED RESOURCES AFFILIATE. A person or entity whose primary purpose is to share employees, departments or other physical assets used by the jurisdictional utility.

001.01(A)(ii) AFFILIATE TRANSACTION. The purchase, sale, trade or lease of a good, service, or tangible or intangible asset from the regulated utility to an affiliate, regulated or unregulated other than a shared resources affiliate, or from an affiliate other than a shared resources affiliate to the regulated utility.

001.01(B) AGGREGATOR. A person who combines retail end users into a group and arranges for the acquisition of competitive natural gas services without taking title to those services.

001.01(C) AGRICULTURAL RATEPAYER. A ratepayer whose usage of natural gas does not qualify the ratepayer as a high-volume ratepayer and (a) whose principal use of natural gas is for agricultural crop or livestock production, irrigation pumping, crop drying, or animal feed or food production or (b) whose service is provided on an interruptible basis.

001.01(D) BASE YEAR. Actual investments, expenses, and revenue of a jurisdictional utility for a recently completed 12-month period.

001.01(E) COMMISSION. The Nebraska Public Service Commission.

001.01(F) COMPETITIVE NATURAL GAS PROVIDER OR “CNGP”. A person who takes title to natural gas and sells it for consumption by a retail end-user in the state of Nebraska, and for purposes of this section also means an aggregator as defined in Nebraska Administrative Code, Title 291, Chapter 9, Rule 001.01(B), CNGP includes an affiliate of a Nebraska natural gas public utility. CNGP does not include the following.

001.01(F)(i). A jurisdictional utility, as defined in Nebraska Administrative Code, Title 291, Chapter 9, Rule 001.01(G);

001.01(F)(ii). A city-owned or operated natural gas utility or metropolitan utilities district in areas in which it provides natural gas service through pipes it owns; or

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

001.01(F)(iii). A natural gas public utility that is not subject to the State Natural Gas Regulation Act as provided in Neb. Rev. Stat. § 66-1803 in areas in which it is providing natural gas service in accordance with Neb. Rev. Stat. § 66-1803.

001.01(G) CONSUMER CHOICE PROGRAM. A program offered by a jurisdictional utility that allows ratepayers, other than high-volume ratepayers, to purchase their gas supplies from a person other than the local gas utility.

001.01(H) FACILITY. New and existing pipelines, rights-of-way, and any equipment, facility, or building used in the transportation of liquid or gas or in the treatment of gas during the course of transportation.

001.01(I) GENERAL RATE FILING. Any filing which requests changes in overall revenue requirements for a jurisdictional utility but does not include other Commission approved riders.

001.01(J) HIGH-VOLUME RATEPAYER. A ratepayer whose natural gas requirements equal or exceed five hundred therms per day as determined by average daily consumption.

001.01(K) JURISDICTIONAL UTILITY. A natural gas public utility subject to the jurisdiction of the Commission. Jurisdictional utility shall not mean a natural gas public utility not subject to the jurisdiction of the Commission pursuant to Neb. Rev. Stat. § 66-1803.

001.01(L) MAJOR OIL PIPELINE. For purposes of Section 023, a major oil pipeline shall mean a pipeline which is larger than six inches (6") in inside diameter and which is constructed in Nebraska for the transportation of petroleum, or petroleum components, products, or wastes, including crude oil or any fraction of crude oil, within, through, or across Nebraska, but does not include infield and gathering lines or major oil pipelines otherwise exempt under the Major Oil Pipeline Siting Act.

001.01(M) METROPOLITAN UTILITIES DISTRICT. A district constituted by an area as defined in Neb. Rev. Stat. § 14-2101.

001.01(N) NATURAL GAS PUBLIC UTILITY. Any corporation, company, individual, or association of persons or their trustees, lessees, or receivers that owns, controls, operates, or manages, except for private use, any equipment, plant, or machinery, or any part thereof, for the conveyance of natural gas through pipelines in or through any part of this state. Natural gas public utility does not mean a natural gas utility owned or operated by a city or a metropolitan utilities district. Natural gas public utility does not include any activity of an otherwise jurisdictional corporation, company, individual, or association of persons or their trustees, lessees, or receivers as to the marketing or sale of compressed natural gas for end use as motor vehicle fuel. Natural gas public utility does not include any gas gathering system or interstate pipeline.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

001.01(O) PARTIES. As defined in Nebraska Administrative Code, Title 291, Chapter 1, Rule 001.21.

001.01(P) PERSON. As defined in Nebraska Administrative Code, Title 291, Chapter 1, Rule 001.22.

001.01(Q) PIPELINE. For purposes of Section 023, pipeline shall mean a pipe used to transport, transmit, convey, or store liquid or gas for hire in Nebraska intrastate commerce other than a major oil pipeline, a gathering pipeline, distribution pipeline, or service line.

001.01(R) PIPELINE CARRIER. For purposes of Section 023, pipeline carrier shall mean a person that engages in owning, operating, or managing a major oil pipeline.

001.01(S) PRUDENT. Prudent shall mean that in making a decision a natural gas public utility has acted as any reasonable utility management would have acted in good faith, based upon the facts known or which should have been known at the time the decision was made.

001.01(T) RETAIL END USER. Any person or entity, including any manufacturer or producer of any product, purchasing natural gas for its own consumption, and not for resale or consumption by any other person or entity, without restriction based upon volume of gas consumed.

001.01(U) SAFETY DATA SHEET. Safety data sheet means written or printed material concerning a hazardous chemical that is prepared in accordance with paragraph 29 C.F.R. § 1910.1200(g).

001.01(V) SEASONAL DISCONNECTION CHARGE. A charge applied by a jurisdictional utility to a ratepayer who disconnects and re-connects service at the same premises within a twelve-month period requiring the ratepayer to pay in whole or in part charges for the months he or she was disconnected.

001.01(W) SUPPLIER. A CNGP that participates in a consumer choice program.

001.01(X) TEST YEAR. Either a consecutive twelve-month period commencing on the proposed effective date of the rate increase or a base year adjusted for known and measurable changes.

001.01(Y) UTILITY. A jurisdictional utility as defined in Sec. 001.01K.

002 MINIMUM SAFETY STANDARDS FOR PIPELINES.

002.01 MINIMUM SAFETY STANDARDS. Unless otherwise specified by the Commission, pipeline carriers shall use the applicable provisions of the procedures established by the United States Department of Transportation as codified at 49 CFR 192. These incorporated

materials are available for inspection at the offices of the State Fire Marshal or the Nebraska Secretary of State, Division of Rules and Regulations.

002.02 SCOPE. These provisions shall apply to all intrastate pipeline carriers operating within the state.

002.03 FACILITIES, INSPECTION AND REPAIRS. All Facilities shall be cleaned when necessary and inspected at such intervals as the Commission shall determine. Any Facilities known to be defective so as to endanger life or property shall be promptly repaired, permanently disconnected or isolated until repairs can be made.

002.04 WAIVING OF RULES. The rules may be modified or waived by the Commission wherever shown to be impractical or where the advantage of uniformity with existing construction is greater than construction in compliance with the rules providing that the existing construction is equivalently safe to the existing rules.

002.05 WAIVER OF TEMPORARY INSTALLATIONS. These rules may be waived by the Commission in cases of temporary installations for a reasonable length of time provided that such construction is under competent supervision and has been made reasonably safe.

003 DISPUTES BETWEEN UTILITIES AND METROPOLITAN UTILITIES DISTRICTS.

003.01 COMMISSION JURISDICTION. No Utility or Metropolitan Utilities District proposing to extend or enlarge its natural gas service area or extend or enlarge its natural gas mains or natural gas services shall undertake or pursue such extension or enlargement until the proposal has been submitted to the Commission for its determination that the proposed extension or enlargement is in the public interest. Any enlargement or extension by a Metropolitan Utilities District within the boundaries of a city of the metropolitan class involving the exercise of the power of eminent domain pursuant to Neb. Rev. Stat. § 14-2116(2) shall, by reason of such exercise, be conclusively determined to be in the public interest.

003.02 FILING AND CONTENTS OF PROPOSAL. Any proposal for extension or enlargement shall be filed with the Commission, and the Commission shall promptly make such application public in such manner as the Commission deems appropriate. Proposals for multiple extensions or enlargements may be filed in a single document at the discretion of the filing entity.

003.02(A). The proposal shall contain sufficient information so as to provide reasonable notice to any interested party of the location and nature of the proposed extension or enlargement. Such information shall contain, but not necessarily be limited to

003.02(A)(i). A description of the location of the extension or enlargement including any cross streets and a statement as to whether the proposed extensions are entirely or partially within a particular zoning jurisdiction;

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

003.02(A)(ii). The municipality and subdivision or development, if any, proposed to be served by the proposed extension or enlargement;

003.02(A)(iii). The plat and/or map for the proposed service area depicting the location of known mains of all natural gas utility service within a one-quarter (1/4) mile radius of the area to be served;

003.02(A)(iv). A description of the nature of the extension or enlargement including size and length of the main; and

003.02(A)(v). The anticipated date the filing entity intends to undertake or pursue such extension or enlargement.

003.02(B). The proposal shall be served on any Utility or Metropolitan Utilities District with natural gas infrastructure in the area of the proposed extension or enlargement.

003.02(C). The Commission shall make such proposals public by posting them on the Commission website. Such proposals shall be deemed to have been made public three (3) days after the date of filing.

003.03 PROTESTS. If no Person has filed with the Commission a protest alleging that the proposed extension or enlargement is not in the public interest within fifteen (15) business days after the date upon which the application was made public, the enlargement or extension shall be conclusively presumed to be in the public interest and the filing entity may proceed with the extension or enlargement without further Commission action. If a protest is filed, the filing entity shall have five (5) business days from that date to file a response describing how the proposed extension or enlargement satisfies the criteria set forth in Rule 003. Such response shall be filed on all Parties to the proceeding.

003.04 SUBPOENA AND OTHER POWERS. The Commission staff may administer oaths, compel the attendance of witnesses, examine any of the books, papers, documents and records of any Utility or Metropolitan Utilities District involved in a proceeding pursuant to this section. The Commission may have such examination made by any person that the Commission may employ for that purpose. Such person may also compel the production of such books, papers, documents or records or examine under oath or otherwise any officer, director, agent, or employee of any such party to the proceeding.

003.05 HEARING. Upon the filing of a protest seeking a determination pursuant to this section, the Commission shall set a hearing date not later than ninety (90) days from the date of application except for good cause shown. In no event shall a hearing be set later than six (6) months from the date of application.

003.05(A). A hearing commenced pursuant to this section shall be held in the county where such extension or enlargement of the natural gas service area is proposed.

CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

003.05(B). Ratepayers of the Utility or Metropolitan Utilities District shall have the right to appear and present testimony before the Commission and shall have such testimony considered by the Commission in arriving at its determination.

003.06 FEES. The filing entity may be charged a hearing fee if a hearing is held pursuant to this section.

003.07 PROCEDURE. Except as herein provided, all proceedings will be governed by the Rules of Commission Procedure as codified by state law and Nebraska Administrative Code, Title 291, Chapter 1.

003.08 DETERMINING CONSIDERATIONS. In determining whether a proposed expansion or enlargement is in the public interest, the Commission shall consider:

003.08(A). The economic feasibility of the extension or enlargement;

003.08(B). The impact the enlargement will have on the existing and future natural gas ratepayers of the Metropolitan Utilities District or the Utility;

003.08(C). Whether the extension or enlargement contributes to the orderly development of natural gas utility infrastructure;

003.08(D). Whether the extension or enlargement will result in duplicative or redundant natural gas utility infrastructure; and,

003.08(E). Whether the extension or enlargement is applied in a non-discriminatory manner.

003.08(F). Any books, records, vouchers, papers, contracts, designs, or other data not made available to the parties shall not be considered by the Commission in making its determination of whether an extension or enlargement of a service area is in the public interest.

003.09 REBUTTABLE PRESUMPTIONS. In determining whether an extension or enlargement of a natural gas service area, natural gas mains, or natural gas services is in the public interest, the following rebuttable presumptions shall govern:

003.09(A). Any enlargement or extension by a Metropolitan Utilities District within a city of the metropolitan class or its extraterritorial zoning jurisdiction is in the public interest;

003.09(B). Any enlargement or extension by a Utility within a city of the primary, first, or second class or village in which it serves natural gas on a franchise basis or its extraterritorial zoning jurisdiction is in the public interest; and,

003.09(C). Any enlargement or extension by a Metropolitan Utilities District within its statutory boundary or within a city of the first or second class or village in which it serves

natural gas on a franchise basis or its extraterritorial zoning jurisdiction is in the public interest.

003.10 COMMISSION ORDERS. Except for good cause shown, the Commission shall enter an order within thirty (30) days after completion of the hearing or after submission of affidavits in non-hearing proceedings.

003.11 APPEALS. Any party to a proceeding may appeal to the Court of Appeals to reverse, vacate or modify the order of the Commission.

003.12 ENFORCEMENT. The Commission is empowered to enforce its order as provided for by law.

003.13 SCOPE. The provisions of Rule 003 apply only in those geographic areas in Nebraska in which a Utility or Metropolitan Utilities District each maintain natural gas Facilities and compete with each other for natural gas service customers.

004 GENERAL RATE FILINGS.

004.01 APPLICATION.

004.01(A). The Utility filing an application for a general rate increase shall file with the Commission an electronic copy and three (3) paper copies. The electronic application shall be in PDF format, and also include a copy of all text documents in Microsoft Word and all spreadsheets in Microsoft Excel. Some portions of the application may be filed exclusively in electronic format. The determination on exclusive electronic filing shall be made in consultation between the Parties and the Commission. The date of electronic filing shall be the official filing date with the Commission. Paper copies of the application may be filed up to five (5) business days following electronic filing. Rate Filings before the Commission. Unless the Commission otherwise orders, the time period for answering data requests in General Rate Filings is up to ten (10) days. For good cause shown, the time period may be extended by the Commission. All Parties to a General Rate Filings may object to requests that are not permissible under the rules and regulations of the Nebraska Supreme Court regarding use of depositions and discovery. A responding Party shall respond with objections to any data requests within five (5) days. For good cause shown, the time period may be extended by the Commission.

004.11 NOTICE OF ASSESSMENT. Upon the filing of a General Rate Filing, the Commission shall give the jurisdictional utility notice by electronic and United States mail of the applicable assessment for expenses reasonably attributable to such General Rate Filing proceeding, including both direct and indirect expenses incurred pursuant to Neb. Rev. Stat. § 66-1840.

004.12 FILING OF INTERVENOR DOCUMENTS. Parties filing testimony and exhibits in response to an application for a General Rate Filing shall file with the Commission an electronic copy and three (3) paper copies. The electronic copies shall be in PDF format, and also include a copy of all text documents in Microsoft Word and all spreadsheets in Microsoft Excel. Some portions of the documents may be filed exclusively in electronic format. The determination on exclusive electronic filing shall be made in consultation between the Parties and the Commission. The date of electronic filing shall be the official filing date with the Commission. Paper copies may be filed up to five (5) business days following electronic filing. Paper copies must be filed with the Executive Director at the Nebraska Public Service Commission, 1200 “N” Street, Suite 300, Lincoln, Nebraska 68508. Electronic filings shall be submitted either via email to psc.naturalgas@nebraska.gov or other electronic media.

004.12(A). Parties shall provide in electronic format all workpapers used to prepare the analysis and data submitted in response to the application and any source documents referenced in the prefiled direct testimony, or exhibits including but not limited to contracts, internal reports, any models utilized or relied on, and any other documents detailing calculations in support of the filing. Any documents submitted electronically shall be provided in hard copy at the request of the Commission. Parties are not required to provide documents cited in curriculum vitae. Prefiled testimony and exhibits shall not be modified once filed except for typographical errors or mistakes, where all parties agree to the change, or where the Commission permits for good cause shown.

004.13 EXEMPTION FROM RULES. A Utility, whose current rates were approved through and following negotiations and agreement with affected cities and who seeks negotiation of a general rate application with affected cities pursuant to Neb. Rev. Stat. § 66-1838, shall be exempt from the requirements of Sections 004.01C and 004.04H. Should negotiations fail to result in an agreement upon new rates, the Utility shall file with the Commission the information required in Sections 004.01C and 004.04H within ten (10) days after the date of the expiration of the negotiation period or after the date upon which the Utility and the cities file a written agreement that the negotiations have failed, whichever is earlier.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

005 RATE PRINCIPLES.

005.01 RULE PROVISIONS. The provisions of Rule 005 apply only to General Rate Filings governed by § 66-1838. No provision included in Rule 005 shall be construed as prohibiting the Commission from approving a settlement agreement that the Commission finds to be just and reasonable and in the public interest.

005.02 COST OF SERVICE. Except as provided for in any section of the State Natural Gas Regulation Act or these rules dealing with fuel expenses, rates are to be based upon a Utility's cost of rendering service to the public during a Test Year.

005.03 COMPONENTS OF COST-OF-SERVICE. The two components of cost-of-service are allowable expenses and return on invested capital.

005.04 ALLOWABLE EXPENSES. Only those expenses which are Prudent may be included in allowable expenses. Expenses incurred by a Utility or a Shared Resource Affiliate shall be presumed to be Prudent unless the contrary is shown.

005.05 RETURN ON RATE BASE. The return on rate base is the rate of return multiplied by rate base.

005.05(A) RATE OF RETURN. The Commission must allow each Utility a reasonable opportunity to earn a reasonable rate of return, which is expressed as a percentage of invested capital, and must fix the rate of return in accordance with Neb. Rev. Stat. §§ 66-1825(3) and (5) including:

005.05(A)(i). The rate of return in one rate case shall not be precedential in future rate cases.

005.05(A)(ii). In each case, the Commission must consider the Utility's cost of capital, which is the weighted average of the cost of the various classes of capital used by the Utility.

005.05(A)(ii)(a) DEBT CAPITAL. The cost of debt capital is the actual cost of debt.

005.05(A)(ii)(b) EQUITY CAPITAL. The cost of equity capital must be based upon a fair return on its value. For companies with ownership expressed in terms of shares of stock, equity capital commonly consists of the following classes of stock:

005.05(A)(ii)(b)(i) COMMON STOCK CAPITAL. The cost of common stock capital must be based upon a fair return on its value.

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

005.05(A)(ii)(b)(ii) PREFERRED STOCK CAPITAL. The cost of preferred stock capital is its annual dividend requirement, if any, plus an adjustment for premiums, discounts, and cost of issuance.

005.06 RATE BASE. The rate of return is applied to the rate base. Rate base shall mean:

005.06(A). The original cost of utility property, including utility plant, property, and equipment, used and useful in rendering service to the public. Original cost shall be the actual money value, including any consideration paid other than money, of the property at the time it shall have been dedicated to public use, whether by the Utility as the present owner or by a previous owner; less

005.06(B). Related accumulated depreciation and amortization, computed on a straight-line basis unless otherwise ordered by the Commission; less

005.06(C). Ratepayer deposits and advances, contributions in aid of construction, and other sources of cost-free capital; less

005.06(D). Accumulated reserve for deferred and unamortized income tax liabilities, adjusted to reflect any accumulated deferred income tax assets related to plant included in section 005.06A above; plus

005.06(E). Unamortized investment tax credit to the extent allowed by the Internal Revenue Code; plus

005.06(F). Contingency and/or property insurance reserves; plus

005.06(G). Working capital, including, but not limited to:

005.06(G)(i). Prudent inventories of materials and supplies held specifically for purposes of permitting efficient operation of the Utility in providing normal utility service;

005.06(G)(ii). A Prudent allowance for cash working capital, or investor supplied funds to enable the Utility to pay current operating expenses between the time when the expenses of rendering utility service are paid and the time when revenues for that service are collected from ratepayers, including any study and/or calculations used; and

005.06(G)(iii). Prudent prepayments for operating expenses not included within the calculation of cash working capital.

005.06(H). Payments to affiliated interests shall not be allowed as a capital cost except as provided in Rule 005.07.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

005.06(I). Acquisition adjustments comprised of the difference between the purchase price of an acquired operating unit or system and the depreciated original cost of the acquired property, shall be considered on a case-by-case basis.

005.06(J) COMPLETION AND DEDICATION OF PROPERTY. The rate base shall ordinarily consist only of those items which are used and useful in providing service to the public. This may include items completed and dedicated to commercial service for which construction will be commenced and completed within one year or less from the end of the Test Year. The Commission may also determine that property which has not been completed and dedicated to commercial service may be used and useful and included in the rate base. In determining whether construction work in progress should be included in the rate base, the Commission may consider whether projects under construction are Prudent. To aid the Commission in determining the prudence of any construction work in progress sought by the Utility to be included in rate base, the Utility shall provide the following in its application:

005.06(J)(i). Information for each project sought including: project description; location; purpose; date construction began; expected completion date; actual costs incurred as of the end of the test year; and total expected cost of the project at completion;

005.06(J)(ii). Discussion of each project including showing why the project is necessary to the provision of safe and reliable gas service;

005.06(J)(iii). How project costs are being financed, debt or internally generated capital; and

005.06(J)(iv). Information as to why it is necessary the project be included in rates before it is complete and in service;

005.06(K) SELF-INSURANCE RESERVE ACCOUNTS. Self-insurance plans may be included in the rate base at the discretion of the Commission.

005.06(L) REQUIREMENTS FOR POST TEST YEAR ADJUSTMENTS. Post Test Year adjustments are permitted for known and measurable rate base adjustments to the Test Year where the Utility accounts for any related impacts on all aspects of the Utility's operations. Related impacts are those that reasonably follow as a consequence of the post Test Year adjustment being proposed, including a related impact of another post Test Year adjustment.

005.07 PAYMENTS TO AFFILIATES. The Utility has the burden to demonstrate that any cost paid to an Affiliate for any goods or services are Prudent. The Utility has the burden to demonstrate all of the following before any amount paid to an Affiliate, other than a Shared Resource Affiliates, either, as a capital cost or an expense, is included in rates except as provided in Neb. Rev. Stat. § 66-1825(8):

005.07(A). Each payment is Prudently incurred for each item or class of items at the time incurred; and

005.07(B). The costs charged by an Affiliate reasonably approximate the market value of the service provided.

006 CONFIDENTIAL INFORMATION.

006.01 CONFIDENTIAL INFORMATION FILED WITH APPLICATIONS. The Party filing documents must indicate any information which is claimed to be confidential. In the event other Parties are admitted to the proceeding, the Party seeking confidential treatment shall file a motion for a protective order. The motion shall include a clear statement of the specific grounds and legal authority for the claim of confidentiality. The motion for protective order must be decided within ten (10) calendar days from the date the motion is filed. Parties opposing the motion may file an objection to the motion within five (5) calendar days.

006.01(A). If an applicant contends any portion of the application, prefiled testimony, or exhibits are confidential, it must file an electronic copy and three (3) hard copies of the application, prefiled testimony and exhibits redacting the asserted confidential information marked "PUBLIC". The applicant must also file an electronic version and three (3) hard copies under seal on yellow paper marked "CONFIDENTIAL". Some portions of the public and/or confidential application may be filed exclusively in electronic format. The determination on exclusive electronic filing shall be made in consultation between the Parties and the Commission. The date of electronic filing shall be the official filing date with the Commission. Paper copies of the application may be filed up to five (5) business days following electronic filing. Electronic filings shall be submitted either via email to psc.naturalgas@nebraska.gov or other electronic media.

006.02 OTHER CONFIDENTIAL FILINGS. Any Utility seeking to prevent disclosure of information filed with the Commission must file such information electronically clearly marked "CONFIDENTIAL" and in hard copy on yellow paper marked "CONFIDENTIAL." Electronic filings shall be submitted either via email to psc.naturalgas@nebraska.gov or other electronic media. Disclosure of confidential information will be governed by Neb. Rev. Stat. § 66-1829.

007 RATE AREA MAPS. Each Utility shall keep a map on file with the Commission of its rate area(s). The map must show the boundaries of each rate area and intervening and adjacent rural territories served within each rate area. Upon a change to any rate area(s), a revised map of the rate area, reflecting all changes in boundaries, must be filed with the Commission. Such changes will become effective upon filing the revised map with the Commission.

CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

008 TARIFF FILINGS.

008.01 APPLICABILITY. This section applies to all Utilities.

008.02 EFFECTIVE TARIFF. No Utility shall directly or indirectly offer a service, collect any rate or charge, give a compensation or discount to a ratepayer, or impose any classification practice, or regulation different from that which is prescribed in its effective tariff filed with the Commission. The tariff may include mathematical formulas that express the pricing terms for service.

008.03 TARIFF FILINGS. Every Utility must publish and file with the Commission copies of a tariff showing all schedules of rates and terms and conditions of jurisdictional service to ratepayers, and must furnish the Commission copies of all terms and conditions of service and contracts between Utilities pertaining to any and all jurisdictional services to be rendered by such Utilities. The provisions of such tariff must be definite and so worded as to minimize the ambiguity or the possibility of misinterpretation.

008.03(A) AUTHORITY. If a tariff sheet is issued under specific authority or decision of the Commission, each sheet so affected must show the appropriate citation.

008.04 FILING OF TARIFFS. All tariff filings must be submitted electronically in a Commission approved format via email to psc.naturalgas@nebraska.gov. A cover page of the tariff must contain the name of the Utility and the location of its principal office. Each rate schedule must clearly state the rate area and city wherein such rate schedule is applicable. Tariff sheets are to be numbered consecutively per schedule. Each sheet must show an effective date, a revision number, section number, sheet number, name of the Utility, name of the tariff, and title of the section in a consistent manner. The Commission shall acknowledge receipt of the tariff upon filing.

008.05 COMPOSITION OF TARIFFS. The tariff must contain sections and subsections setting forth:

008.05(A). A table of contents;

008.05(B). A list of the cities in which service is provided;

008.05(C). A map showing the areas in which service is provided;

008.05(D). A brief description of the Utility's operations;

008.05(E). The rate schedules; and

008.05(F). The terms of service, including any service agreement forms.

CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

008.06 REVISIONS TO TARIFFS. When a change is proposed to a tariff, the Utility shall file new tariff sheet(s) incorporating the changes and also tariff sheet(s) in legislative or redline format.

008.07 AVAILABILITY OF TARIFFS. Each Utility shall make available to the public a copy of its tariff currently on file with the Commission. Such tariff shall be available on the Utility's website and at each of its business offices or designated sales offices within Nebraska which provide in-person service to ratepayers. A Utility's employees shall assist persons seeking information on its tariffs and shall make a copy of the tariff available for review if requested and provide copies of any portion of its tariff upon request.

008.08 REJECTION OF FILINGS. The Commission may reject any filing under this rule if the Utility fails to comply with the provisions as set forth in this rule.

009 SERVICE TO HIGH VOLUME, AGRICULTURAL AND INTERRUPTIBLE RATEPAYERS.

009.01 WRITTEN NOTICE OF ANY CHANGES. For purposes of Neb. Rev. Stat. § 66-1810, a written notice of any change shall be sent to the Commission and affected agricultural and interruptible ratepayers and published in a legal newspaper prior to the effective date of the change.

010 CERTIFICATION OF JURISDICTIONAL UTILITIES.

010.01 CERTIFICATION OF PUBLIC CONVENIENCE. Except as otherwise provided herein, no Utility shall transact business in Nebraska until it has obtained a certificate from the Commission that public convenience will be promoted by the transaction of the business and permitting the applicants to transact the business of a Utility in the state. By operation of Neb. Rev. Stat. § 66-1853(3), all Utilities transacting business in this state as of May 31, 2003 were issued a certificate of public convenience based upon its natural gas service as of that date.

010.01(A). Every Utility shall be required to furnish reasonably adequate and sufficient service and Facilities for the use of any and all products or services rendered, furnished, supplied, or produced by such Utility.

010.02 FILING REQUIREMENTS AND APPLICATION PROCESS. Applications for a certificate of public convenience must contain all of the following information and must include prefiled testimony in support of the application showing:

010.02(A). The legal name under which the applicant will operate, a description of the business structure of the applicant, evidence of authority to do business in Nebraska, certificates of registration by the Nebraska Secretary of State for all trade names under which the applicant will operate, and the applicant's state of incorporation. The applicant will also provide any other names under which it does business outside the state of Nebraska.

CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

010.02(B). The names, business addresses and business telephone numbers of the principal officers of the applicant, or its representatives, who can be contacted regarding its operations in Nebraska and telephone number(s) at which the applicant can be contacted.

010.02(C). Identification of Affiliates, partnerships, political subdivisions, or other joint ventures, including those Affiliates, partnerships, political subdivisions or other joint ventures that are certified under this section. In addition to a listing of the names, addresses, and business purpose of Affiliates, partnerships, or other joint ventures required herein, the applicant(s) must also provide a listing of the names and addresses of all the applicant's Affiliates, partnerships, political subdivisions, or other joint ventures engaged in the provision of competitive natural gas services in any other state.

010.02(D). A listing of all legal actions and formal complaints pertaining to the provision of natural gas services filed against the applicant or its Affiliates at a public utility regulatory body other than the Commission that were filed or pending in the five (5) years prior to the date of the request for certificate, including identification of the title and number of applicable proceedings and a copy of the final orders in such proceedings or the citation to the website where the text of the orders can be found.

010.02(E). Identification of the states and jurisdictions in which the applicant or an Affiliate, partnership, or other joint venture has had a license or certificate to supply competitive natural gas services suspended, revoked, or denied, or where the applicant, partnership, or other joint venture has voluntarily withdrawn from providing service due to financial or operational reasons. Applicant must include identification of the title, caption, and docket number of any applicable proceedings and either (i) a copy of any final orders and court appeals in such proceedings or (ii) the citation to the website where the text of the orders can be found.

010.02(F). A demonstration that the applicant is ready, willing and able to provide service under the State Natural Gas Regulation Act and other applicable laws of the state of Nebraska, and not in violations thereof, and that the public convenience in Nebraska will be promoted by the transaction of the business by allowing the applicants to transact the business of a Utility in the state. The applicant will further demonstrate that it possesses the operational and financial capability to furnish reasonably adequate and sufficient service and Facilities for the use of any and all products or services rendered, furnished, supplied, or produced by such Utility. The applicant must submit a roster of officers and directors, a description of the professional backgrounds of the applicant's principal managerial and technical personnel, an operational flow chart, and a description of the applicant's Facilities and the services it intends to render. A request for confidential treatment for information contained within the application may be filed with the Commission, pursuant to Nebraska Administrative Code, Title 291, Chapter 9, Rule 006.

010.02(G). The applicant shall file an electronic copy and three (3) paper copies of the application with the Commission. Electronic applications shall be submitted either via email to psc.naturalgas@nebraska.gov or other electronic media. The date of electronic filing shall be the official filing date with the Commission. Paper copies of the application may be filed up to five (5) business days following electronic filing. Paper Applications must be filed with the Director of the Nebraska Public Service Commission, 1200 “N” Street, Suite 300, Lincoln, Nebraska 68508.

010.02(H). An applicant must notify the Commission during the pendency of the certification request of any material change in the representations and commitments required by this subsection within fourteen (14) days of such change. Any new legal actions or formal complaints are considered material changes in the request. Once certified, Utilities must notify the Commission of any material change in the representations and commitments required for certification within fourteen (14) days of such change.

010.03 ASSESSMENT FOR UTILITIES. Pursuant to Neb. Rev. Stat. § 66-1840, the applicant shall be billed the costs and expenses reasonably attributable to the certification process and any dispute resolution associated with the application pursuant to Rule 010.03. Such costs shall include Commission time spent reviewing, analyzing, and considering the application and costs of the Public Advocate attributable to the application process.

011 CERTIFICATION OF COMPETITIVE NATURAL GAS PROVIDERS AND AGGREGATORS.

011.01 GENERAL REQUIREMENT TO OBTAIN CERTIFICATE. A person must not provide competitive natural gas services to a Nebraska Retail End-User, including a High-Volume Ratepayer, without a certificate approved by the Commission pursuant to Neb. Rev. Stat. § 66-1849. A certified CNGP shall not be required to obtain a separate certificate as an Aggregator in order to perform services as an Aggregator.

011.02 FILING REQUIREMENTS AND APPLICATION PROCESS. Applications for a certificate to provide competitive natural gas services must contain all of the following information:

011.02(A). The legal name under which the applicant will operate, a description of the business structure of the applicant, evidence of authority to do business in Nebraska, certificates of registration by the Nebraska Secretary of State for all trade names under which the applicant will operate, and the applicant’s state of incorporation.

011.02(B). The names, business addresses and business telephone numbers of the principal officers of the applicant who can be contacted regarding its operations in Nebraska and telephone number(s) at which the CNGP can be contacted 24 hours a day.

011.02(C). A listing of each state in which the applicant currently conducts business or has applied for certification or a permit to provide competitive natural gas service. For pending applications of authority include the date each pending application was filed and the disposition of all applications.

011.02(D). Identification of Affiliates that are certified under this section and a listing of the names and addresses of all the applicant's Affiliates engaged in the provision of competitive natural gas services in any other state, and a list of states in which any other Affiliate operates.

011.02(E). A listing of all legal actions and formal complaints pertaining to the provision of competitive natural gas services filed against the applicant or its Affiliates at a public utility regulatory body other than the Commission that were pending in the twelve (12) months prior to the date of the request for certificate, including identification of the title and number of applicable proceedings and a copy of the final orders in such proceedings or the citation to the website where the text of the orders can be found.

011.02(F). Identification of the states and jurisdictions in which the applicant or an Affiliate has had a license or certificate to supply competitive natural gas services suspended, revoked, or denied, or where the applicant has voluntarily withdrawn from providing service due to financial or operational reasons. Applicant must include identification of the title and number of any applicable proceedings and a copy of any final orders in such proceedings or the citation to the Website where the text of the orders can be found.

011.02(G). A demonstration that the applicant has the operational capability to obtain and deliver the services it proposes to offer. As a demonstration of the applicant's operational capability, the applicant must submit a roster of officers and directors, a description of the professional backgrounds of the applicant's principal managerial and technical personnel, an operational flow chart, and a description of the applicant's Facilities and the services it intends to render.

011.02(H). A demonstration that the applicant has the financial capability to obtain and deliver the services it proposes to offer. The applicant shall submit certified financial statements including, but not limited to, a balance sheet, statement of income, statement of cash flow, and, if applicable, a statement of shareholders' equity and the applicant's debt structure, including bond rating. If certified financial statements are not available, applicant shall provide such information as the Commission requires to satisfy this provision. At a minimum, financial statements shall adhere to generally accepted accounting principles (GAAP). For purposes of determining evidence of adequate financing, the following minimum criteria shall be met:

011.02(H)(i). A minimum positive capitalization of \$200,000. Capitalization shall include all components of equity and total long and short-term debt and can include, but is not limited to, all classes of capital stock, additional paid-in capital, treasury

stock, retained earnings, accumulated deficit, preferred stock, long and short-term debt.

011.02(H)(ii) POSITIVE WORKING CAPITAL. For purposes of determining working capital, working capital shall be defined as the excess of an entity's current assets over its current liabilities.

011.02(I) CONFIDENTIAL TREATMENT. A request for confidential treatment for information contained within the application may be filed with the Commission, pursuant to Nebraska Administrative Code, Title 291, Chapter 9, Rule 006.

011.02(J). The applicant shall file an electronic copy and three (3) paper copies of the application with the Commission. Electronic applications shall be submitted either via email to psc.naturalgas@nebraska.gov or other electronic media. The date of electronic filing shall be the official filing date with the Commission. Paper copies of the application may be filed up to five (5) business days following electronic filing. Paper applications must be filed with the Executive Director at the Nebraska Public Service Commission, 1200 "N" Street, Suite 300, Lincoln, Nebraska 68508. An application fee must be included with the application to cover the administrative costs of accepting and processing a filing. In addition, each applicant will be billed costs and expenses reasonably attributable to certification and dispute resolution to applicants and participants to the proceeding, including Commission time, billed on an hourly basis, spent reviewing, analyzing and considering the application.

011.02(K). An applicant must notify the Commission during the pendency of the certification request of any material change in the representations and commitments required by this subsection within fourteen (14) days of such change. Any new legal actions or formal complaints are considered material changes in the request. Once certificated, CNGPs must notify the Commission of any material change in the representations and commitments required for certification within fourteen (14) days of such change.

011.03 ASSESSMENT FOR CNGPS AND AGGREGATORS. Pursuant to Neb. Rev. Stat. § 66-1849(3), the Commission shall allocate the costs and expenses reasonably attributable to certification and dispute resolution as authorized in this section to persons identified as parties to such proceeding who are engaged in or who seek to engage in providing natural gas services or other persons identified as participants in such proceeding. The funds received for the costs and expenses of certification and dispute resolution shall be remitted to the State Treasurer for credit to the Public Service Commission Regulation Fund.

011.04 CONDITIONS OF CERTIFICATION. Failure to comply with the following conditions of certification may result in revocation of the certificate.

011.04(A) UNAUTHORIZED CHARGES. A CNGP must not charge or attempt to collect any charges from Retail End Users for any competitive natural gas services or

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

equipment used in providing competitive natural gas services not contracted for or otherwise agreed to by the Retail End Users.

011.04(B) NOTIFICATION OF EMERGENCIES. Upon receipt of information from a Retail End User of the existence of an emergency situation with respect to delivery service, a CNGP must immediately contact the appropriate Natural Gas Public Utility whose Facilities may be involved. The CNGP must also provide the Retail End User with the emergency telephone number of the Natural Gas Public Utility.

011.04(C) BOND REQUIREMENT. The Commission may require the applicant to file a bond or other demonstration of its financial capability to satisfy claims and expenses that can reasonably be anticipated to occur as part of operations under its certificate, including the failure to honor contractual commitments. The adequacy of the bond or demonstration shall be determined by the Commission and reviewed by the Commission from time to time. In determining the adequacy of the bond or demonstration, the Commission shall consider the extent of the services to be offered, the size of the provider, and the size of the load to be served, with the objective of ensuring that the Commission's financial requirements do not create unreasonable barriers to market entry.

011.04(D) ANNUAL CNGP REPORT REQUIREMENT. No later than September 1st of every year, each CNGP shall file with the Commission a report stating the total annual dekatherms delivered to customers of a Utility within each Utility rate area in the preceding year beginning July 1 and ending June 30, the total number of customers of a Utility served, and the total revenues associated with the sale of natural gas to all jurisdictional customers within each Utility rate area in such year.

011.04(D)(i). All reports required under this section shall be under oath and shall be identified with the name of the CNGP as it appears in the most recent Commission order granting the CNGP certification.

011.04(D)(ii). All reports made to the Commission by a CNGP and the contents thereof shall be open to public inspection, unless otherwise ordered by the Commission.

011.04(D)(iii). When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the CNGP to amend that report within thirty (30) days, and before or after the termination of the period the Commission may examine the officers, agents, or employees, and books, records, accounts, vouchers, plant, equipment and property of the CNGPs, and correct items in the report the Commission finds defective or erroneous.

011.04(E) RESTRICTIONS. The Commission may, pursuant to Neb. Rev. Stat. § 66-1849, establish reasonable conditions or restrictions on a certificate of a CNGP at the time of issuance.

011.04(F) REPRESENTATIONS. No representation or warranty made by an applicant shall be false or misleading in any material respect when made or when deemed made.

012 COMPLAINT HANDLING PROCEDURES. Customers complaints about natural gas service or billing issues should first be made to the Utility. The Utility must allow complaints to be accepted and processed in a simple manner and form. Every complaint shall be promptly investigated in a fair manner and the results reported to the complainant. If the report of the investigation is made orally, the Utility must provide the complainant, upon request, a report in writing. If a Utility fails to resolve a complaint to the satisfaction of the complainant, the Utility must, upon request, inform the complainant of the availability of the Commission to review the Utility's investigation, including the Commission's address and telephone number.

012.01 SUSPENSION OR TERMINATION OF SERVICE. A Utility must refrain from suspending or terminating service for non-payment during the pendency of a complaint before the Utility or the Commission, unless otherwise provided by the Commission; provided however, that as a condition of continued service during the pendency of such dispute, a customer must pay the undisputed portions of any bill for service.

012.02 COMPLAINTS OF HIGH-VOLUME RATEPAYERS. Subject to Neb. Rev. Stat. § 66-1810, the Commission will take informal complaints and inquiries from High-Volume Ratepayers, and the Utility shall address the complaint and report the resolution to the Commission.

013 RESIDENTIAL DISCONNECTION OF SERVICE.

013.01 NOTICE OF DISCONNECTION. A notice of disconnection of service sent by a Utility shall be served pursuant to Neb. Rev. Stat. § 70-1606, and shall contain all the information required in Neb. Rev. Stat. § 70-1606. Each Utility shall have a third-party notice procedure for the notification of a designated third party of any proposed disconnection of service, in accordance with Neb. Rev. Stat. § 70-1607.

013.02 CONFERENCE BETWEEN UTILITY AND CUSTOMER. Each Utility shall have a procedure to hear and decide any dispute related to a proposed disconnection of service or any other matter affecting the service to a residential customer. A conference will be scheduled and held within fourteen (14) days of the residential customer's request and before the Utility may disconnect service. The employee of the Utility, based on the evidence presented at the conference, may affirm, reverse, or modify any prior decision of the Utility. The residential customer may appeal an adverse decision to a management officer designated by the Utility, with whom a hearing shall be held, or may file a complaint directly with the Commission.

CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

013.03 PAYMENT PLANS FOR DELINQUENT BILLS. If a residential customer asserts inability to pay or extenuating circumstances, the residential customer and the Utility shall attempt to agree upon reasonable installment payment arrangements for the payment of any account balance and for payment of current charges for utility service. If the residential customer believes that the installment payment arrangements offered by the Utility are unreasonable, the residential customer may file a complaint with the Commission, challenging such utility-offered installment payment arrangement terms. A residential customer may make an informal complaint by contacting the Commission or may make a formal complaint by completing a form provided by the Commission.

013.04 DISCONNECTION OF SERVICE. No Utility shall disconnect natural gas service to a residential customer on a weekend, legal holiday, or at any time when the Utility's business offices are not open to the public.

013.05 RESIDENTIAL WINTER DISCONNECTION. In addition to the notice provisions before disconnection of service to a residential customer in Neb. Rev. Stat. § 70-1605, no Utility may disconnect residential customer service from November 1 to March 31 without adding to the time for payment of a bill an additional thirty (30) days before disconnecting that service, and it shall notify the residential customer before the normal disconnection date that the residential customer has such additional thirty (30) days until disconnection.

013.05(A) TEMPORARY BAN ON DISCONNECTIONS. The Commission shall have the authority to order a temporary ban on any or all disconnections for Utilities during periods of extremely severe weather or when circumstances exist such that disconnection could create a situation dangerous to the life or health of customers or to property.

013.05(B). If a residential customer has been certified as eligible for low-income home energy assistance, has communicated such eligibility to the Utility, and has provided acceptable documentation of such eligibility to the Utility within a reasonable time, then no disconnection may take place from November 1 through March 31;

013.05(C). To have service restored during the cold weather period between November 1 and March 31, the following shall apply:

013.05(C)(i). A residential customer must pay 25% of the outstanding account balance in addition to the bill for the most recent billing period for which service was provided. The residential customer shall also enter a payment plan for the current outstanding balance and future consumption consisting of a minimum of three (3) monthly installments or longer as agreed between the residential customer and the Utility.

013.05(C)(ii). If a residential customer defaults on the payment plan, the Utility may disconnect service after providing the requisite notice.

CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

013.05(C)(iii). Nothing in Section 013.05(C) shall preclude a residential customer from paying an arrearage in full or agreeing to an alternate payment schedule.

013.05(C)(iv). Nothing in Section 013.05(C) shall preclude a Utility from collecting the applicable reconnection fee in its tariff or requiring a deposit.

013.06 IMMEDIATE AND SERIOUS HEALTH HAZARD. Consistent with Neb. Rev. Stat. § 70-1606(1)(g), a Utility shall postpone the disconnection of natural gas service to a residential customer for a minimum of thirty (30) days from the date of receiving a duly licensed physician's, physician assistant's, or advanced practice registered nurse's certification that an existing illness or handicap of the residential customer or resident within such customer's household would suffer an immediate and serious health hazard by the disconnection of service to that household. Such health certificate shall be provided to the utility within five (5) days of receiving notice of disconnection of service, excluding holidays and weekends. Only one postponement of disconnection shall be allowed under this provision for each incidence of nonpayment of any past-due account.

014 INFORMATION ON ENERGY ASSISTANCE PROGRAMS. Utilities shall compile and make available to customers a list of the names, addresses, and phone numbers of known payment assistance programs, including information regarding any bilingual services offered, that are applicable to each service area within the Utility's areas of operation. The list should include, but is not limited to, local, state, federal, and other energy assistance programs and public/private charitable organizations offering or known to offer energy payment assistance. Such programs and organizations must give prior consent to their inclusion on the list.

014.01 AVAILABILITY. The Utility shall inform any customer who asserts inability to pay his or her utility bill of the availability of this list and give a copy of this list to any customer who asks for such assistance. The Utility shall also provide the Commission with this list.

015 ASSESSMENTS AND RELATED REPORTING REQUIREMENTS.

015.01 NOTICE OF ASSESSMENT. Upon the filing of any application, including rate filings, or complaint for which the Commission deems it necessary to investigate a Utility or make appraisals of the property of a Utility, the Commission shall give the Utility notice by United States mail of the assessment for expenses reasonably attributable to such investigation or appraisal, including both direct and indirect expenses incurred pursuant to Neb. Rev. Stat. § 66-1840.

015.02 ANNUAL FILINGS. Each Utility, on or before April 30 each year, must file with the Commission:

015.02(A) ANNUAL REPORT. An annual report to shareholders or equivalent, for the previous year upon issuance of such annual report. The Utility shall notify the Commission prior to April 1, if the report will not be available by April 30 and indicate when the report will be filed. Any Utility that fails, neglects or refuses to file with the

Commission its annual report shall be subject to a civil penalty of not more than five hundred dollars.

015.02(B) NET REVENUES. A statement of the difference between the Utility's gross operating jurisdictional revenue, less gas cost derived from intrastate natural gas public utility business as reflected in the annual report filed pursuant to Rule 015.01(A), together with an explanation of this computation and any supporting documentation of the computation.

015.02(C) METERS SERVED. A statement of the number of meters served by each Utility, as of the end of the previous calendar year, together with verified documentation to support the statement.

015.03 RECORDS OF NON-UTILITY SERVICE. Each Utility must maintain the following records of non-utility service:

015.03(A) SEPARATE RECORDS. A Utility receiving revenues for providing non-utility service shall maintain and provide to the Commission, upon request, separate records for the non-utility service. The records shall include but not be limited to, documents depicting accounts payable and vouchers; purchase orders; time sheets or other time coding information; journal entries; source and supporting documents for all Affiliate transactions; a description of the method(s) used to allocate revenues, expenses, and investments between utility service operations and non-utility service operations, including supporting detail.

015.03(B) METHOD OF INSPECTION. The records for non-utility service shall be made available to the Commission at the principal place of business of the Utility or electronically after consultation between the Commission and the Utility.

016 MUNICIPAL RATE NEGOTIATIONS REVOLVING LOAN FUND.

016.01 APPLICATION FOR LOAN. Only one loan shall be made for each General Rate Filing by a Utility, as set forth in Neb. Rev. Stat. § 66-1839. No loan monies shall be distributed until the Commission has certified a rate case for negotiation pursuant to Neb. Rev. Stat. § 66-1838(6). Applications will only be accepted from cities which have adopted a resolution evidencing the intent to negotiate with the Utility. Applications shall be submitted on a form approved by the Commission.

016.02 JOINT APPLICATION FOR LOAN. Municipalities may jointly apply for loan funds.

016.03 MULTIPLE APPLICANTS. If more than one loan application is filed on a General Rate Filing, all applicants for funds will be notified of the identity and contact information of other applicants and will be given a limited number of days to coordinate and determine whether to make a joint application.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

016.04 APPLICATION SCORING. If all applicants do not reach a mutual agreement, the Commission will evaluate applications based upon a budget statement identifying all costs for which loan funds will be used and a proposed timeline for progression of negotiations. Applications will be scored on the following scale:

016.04(A). Total points possible: 25

016.04(A)(i). Budget Statement: 15 points total.

016.04A(i)(a). Thoroughness: 10 points

016.04(A)(i)(b). Reasonableness: 5 points

016.04(A)(ii). Timeline: 10 points total.

016.04(A)(ii)(a). Thoroughness: 5 points

016.04(A)(ii)(a). Reasonableness: 5 points

016.05 FUND-USE MONITORING AND QUARTERLY ACCOUNTING OF FUND USE.

016.05(A). Once a loan has been approved under the Municipal Rate Negotiations Revolving Loan Fund, the following requirements must be followed by the city(s) and the Utility:

016.05(A)(i). The loan proceeds may only be used for the costs and expenses incurred to analyze the General Rate Filing and negotiate a settlement that establishes new area-wide rates;

016.05(A)(ii). The costs and expenses may include the cost of rate consultants, attorneys, other advisors, and other necessary costs related to the negotiation process and preparation of a settlement agreement;

016.05(A)(iii). Every thirty (30) days following the Commission certification of the negotiation, the borrowing city(s) must provide a report to the Commission, in a format to be specified by the Commission, which details the funds expended and the uses of such funds;

016.05(A)(iv). Within thirty (30) days after a settlement agreement is filed with the Commission, the borrowing city(s) must provide a final report to the Commission which details the funds expended and uses of such funds;

016.05(A)(v). If the borrowing city(s) and the Utility fail to reach a settlement, the borrowing city(s) must file with the Commission, within thirty (30) days of notification to the Commission that such settlement could not be reached, a final report which details the funds expended and the uses of such funds;

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

016.05(A)(vi). A city which receives a loan from the fund shall be responsible to provide for the opportunity for all other cities engaged in the same negotiations with the same Utility to participate in the negotiations. Such city shall not exclude any other city from the information or benefits accruing from the use of loan funds;

016.05(A)(vii). Upon the conclusion of negotiations, regardless of the result, the loan approved by the Commission after audit shall be repaid by the Utility to the Commission within thirty (30) days after the date upon which it is billed by the Commission. The Utility shall recover the amount paid on the loan by a special surcharge on customers who are or will be affected by the rate increase request. These customers may be billed on their monthly statements for a period not to exceed twelve (12) months, and the surcharge may be shown as a separate item on the statements as a charge for rate negotiation expenses.

016.05(B) COMMISSION AUDIT. The Commission will audit each request for payment from the Municipal Rate Negotiations Revolving Loan Fund. In such audit, the Commission shall allow only such fees incurred for professional work reasonably necessary to analyze a Utility's General Rate Filing or in the effort to negotiate new area-wide rates for the Utility, and such out-of-pocket expenses as are reasonably incurred in the conduct of such activities. Activities that are not subject to financing through a loan include, but are not limited to, activities related to obtaining a loan and disbursements related thereto; activities occurring prior to the Utility's General Rate Filing; and activities occurring prior to formal retention of an individual or firm to participate in the negotiation process. The service provider's invoices must detail, at a minimum, a daily description of the work performed by each individual involved in the negotiation process, the hourly rate of such person, and must provide documentation of all expenses included with such invoice.

016.06 SIGNATURE OF VERIFICATION OF LOAN. Any applicant municipality must sign, under oath, a verification in a format to be specified by the Commission, that it will comply with the provisions of the State Natural Gas Regulation Act and applicable rules and regulations. The affidavit shall be submitted on a form approved by the Commission.

016.07 TRAVEL, LODGING AND MEAL EXPENSES. Any travel, lodging or meal expenses reimbursed or paid by the proceeds from a loan from the Municipal Rate Negotiations Revolving Loan Fund must conform to the Nebraska State Accounting Manual published by the Nebraska Department of Administrative Services.

017 BILLING.

017.01 BILLING BASIS. Bills for service may be based on meter readings or estimated usage only as permitted by Rule 017.03. The Utility may render bills monthly or on some other regular schedule in accordance with tariffs on file with the Commission.

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

017.02 CUSTOMER CATEGORY. If a customer is eligible to receive service under more than one rate schedule, the Utility, upon notice of this fact, must advise the customer of applicable, prospective alternatives.

017.03 METER READINGS. A Utility may schedule readings of all meters used for determining charges for customers in accordance with its meter reading policies and practices, and shall make all reasonable efforts to read the meters on corresponding dates of each meter reading period established by the Utility. The Utility may permit the customer to supply the meter reading in a form prescribed by the Utility. A Utility representative must attempt to read a meter at least once every two (2) months, and any billing between actual readings or when the Utility is unable to read a meter after a reasonable effort has been made will be calculated in accordance with Rule 017.04. A Utility representative must also read the meter at the commencement or termination of service unless such termination or commencement of service occurs at the same address as another termination or commencement of service within seven (7) days. Under such circumstances, the Utility may estimate the meter reading based upon dates of service for the departing and the new customer, and thereafter pro rate the monthly bill for service provided between the two (2) customers. Access to meters by the Utility must be granted by a customer.

017.04 ESTIMATED BILLING. When access to a meter cannot be gained, or when the customer fails to supply a meter reading form in time for the billing operation, an estimated bill may be rendered. Estimated bills must be based upon prior usage, adjusted for weather conditions, number of days in the applicable billing cycle, and other known and reasonable factors.

017.05 INFORMATION ON BILLS. The bill sent to the customer must include only information related to the customer's account and bill inserts. The bill may include appropriate charges for non-regulated services, such as appliance repair. Bills provided to customers for natural gas service must include the following information:

017.05(A). The meter reading and the date the meter was read;

017.05(B). The number and kinds of units metered;

017.05(C). Identification of the applicable rates;

017.05(D). The amount of the bill;

017.05(E). The late fee;

017.05(F). If an estimated bill, clear and conspicuous language identifying the bill as an estimated bill;

CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

017.05(G). Tax, tax adjustment, state regulatory assessment, gas supply cost adjustment, and any other Commission approved adjustments, separately itemized, if applicable;

017.05(H). A statement that customer information is available upon request and where it can be obtained.

017.05(I). A conspicuous notice to customers that should the Utility fail to satisfactorily resolve a service or billing dispute that they may refer the matter to the Nebraska Public Service Commission, including current address and telephone number.

017.06 CUSTOMER PAYMENT RECORDS. A Utility must retain a record showing the data contained on each monthly bill in accordance with its normal record retention policy and practices.

017.07 METER TESTING.

017.07(A) BY CUSTOMER REQUEST. Any customer may request the Utility to test the customer natural gas meter. The Utility must conduct the test as soon as reasonably possible after receipt of the request. If a particular meter is tested at the request of the same customer more than once in a two (2)-year period, the Utility may require a customer to pay a reasonable meter test fee for the cost of testing the meter. The meter test fee must be refunded if the meter is found to have an error of two-percent (2%) or more. A customer or a representative of the customer may be present when the meter test is conducted. The Utility must supply a report giving the name of the customer requesting the test; the date of the request; the location of the meter; the type, make, size and number of the meter; the date tested; and the results of the test to the customer.

017.07(B) TESTING FOR ACCURACY. Each Utility must establish a method or plan for verifying the accuracy of meter readings when such readings indicate unusually high or low natural gas usage in comparison to the customer's past or projected natural gas usage.

017.08 CREDIT AND DEPOSIT POLICIES.

017.08(A) NONDISCRIMINATORY CREDIT POLICY REQUIRED. Each Utility shall fairly, and without discrimination, administer a credit policy which is easily understandable, and which extends natural gas service to as many Nebraskans as possible. The credit policy must be based upon the credit risk of the individual as evidenced by the individual's past experiences with residential gas purchases without regard to the collective credit reputation of the area in which the individual lives.

017.08(B). For purposes of this rule, the following definitions apply:

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

017.08(B)(i) SATISFACTORY CREDIT. Within the last year of service, the customer has not had service disconnected for nonpayment of a bill with the Utility, has received no more than two (2) disconnection notices, and does not have an outstanding undisputed debt with the Utility. A Utility may allow a customer with unsatisfactory credit to re-establish satisfactory credit pursuant to Rule 017.08(C). The Utility may not require a new or existing customer to establish or re-establish credit for more than twelve (12) consecutive months, but may allow less than twelve (12) months for good cause shown.

017.08(B)(ii) UNKNOWN CREDIT. If the applicant has no known energy purchase experience, the Utility may require that the applicant establish satisfactory credit pursuant to Rule 017.08(C).

017.08(C) ESTABLISHMENT OR RE-ESTABLISHMENT OF SATISFACTORY CREDIT FOR RESIDENTIAL SERVICE. To establish or re-establish satisfactory credit for residential service, a Utility may require an applicant for service or a customer to comply with the following:

017.08(C)(i). Make a deposit of not more than one-sixth (1/6) of the estimated annual bill or increase an existing deposit to that level; or

017.08(C)(ii). Provide a guarantor who has satisfactory credit.

017.08(C)(iii). If a customer is unable to pay the full amount of a deposit, the Utility may accept payment of the deposit in installments at the discretion of the Utility.

017.09 BILLING ADJUSTMENTS. For all billing adjustments resulting in a charge to the customer, a Utility must offer a reasonable amount of time for payment.

017.09(A) ADJUSTMENTS TO BILLS FOR FAST METER ERROR. Whenever any meter tested by a Utility is found to have an error of two percent (2%) fast or more, it must refund or credit to the customer the overcharge. The refund for a fast meter will result in a credit for the entire time period that the meter was malfunctioning, not to exceed five (5) years.

017.09(B) ADJUSTMENTS TO BILLS FOR SLOW METER ERROR. Whenever any meter tested by the Utility is found to have an error of two percent (2%) slow or more, it may charge for the natural gas consumed but not included in the bill(s) previously rendered. The charge for a slow meter must be based on the corrected meter reading for a period equal to 50% of the time elapsed since the most recent test, but not to exceed twelve (12) months. If the period of the malfunctioning meter exceeds twelve (12) months and can be fixed with reasonable certainty, any uncollected charges may be included in the Utility's next General Rate Filing, or in a gas cost adjustment filing where uncollectible gas costs are permitted by the Commission as a bad debt expense. Such

recovery shall be subject to a rebuttable presumption that said expense was Prudently incurred in the provision of natural gas service.

017.09(C) ADJUSTMENTS TO BILLS FOR METERS FAILING TO REGISTER. The Utility may estimate bills for customer natural gas usage when a meter is found not to register or to register intermittently. Bills estimated under this section may not be estimated for a period exceeding six (6) months and must be based upon prior usage, adjusted for weather conditions, number of days in the applicable billing cycle, and other known and reasonable factors.

017.09(D) ADJUSTMENTS TO BILLS FOR OTHER METER AND BILLING ERRORS. If a customer has been overcharged or undercharged as a result of an error, including but not limited to, incorrect reading of the meter, incorrect application of a utility tariff, incorrect connection of the meter, application of an incorrect multiplier or constant or other similar reason, the overcharge must be credited or refunded to the customer or the undercharge may be billed to the customer. Any refund or credit shall cover the entire period that the account was overcharged, not to exceed five (5) years. Any charge billed shall not be for service exceeding twelve (12) months. If the period for the underbilling described herein exceeds twelve (12) months and can be fixed with reasonable certainty, any uncollected charges may be included in the Utility's next General Rate Filing, or in a gas cost adjustment filing where uncollectible gas costs are permitted by the Commission to be recovered as a bad debt expense. Such recovery shall be subject to a rebuttable presumption that said expense was Prudently incurred in the provision of natural gas service.

018 CONSUMER CHOICE PROGRAMS.

018.01 ADMINISTERING UTILITY: Is any utility offering a consumer choice program.

018.02 CODE OF CONDUCT. An Administering Utility shall in its tariff approved by the Commission, adopt a code of conduct for Administering Utilities, and one for Suppliers and Aggregators participating in the Consumer Choice Programs.

018.03 ADMINISTERING UTILITY CODE OF CONDUCT. Any code of conduct adopted by an Administering Utility shall at a minimum include the following principles:

018.03(A). Maintain separate accounting records for revenues and costs.

018.03(B). Not give preferential treatment or advantage, either overtly or covertly, to any Supplier participating in a choice gas program.

018.03(C). Make any information disclosed by an Administering Utility available in a reasonable time and manner to all participating Suppliers. This provision does not include disclosure of confidential customer information.

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

018.03(D). Ensure that any rule, regulation and/or tariff provision applied by the Administering Utility in the choice gas program be done in a non-discriminatory, equal manner.

018.03(E). Shall not by word or action misrepresent the cost, quality, or reliability of a particular Supplier or Aggregator or represent that the regulated gas service would/could be adversely affected by a customer selection of a particular Supplier or Aggregator.

018.03(F). Shall not misrepresent or misquote the commodity price of any Supplier or Aggregator.

018.03(G). Shall not market or advertise the Administering Utility's services in a misleading or deceptive manner;

018.03(H). Shall not engage in any activities in the Consumer Choice Program detrimental to the customer including, but not limited to, activities such as slamming or cramming;

018.03(I). Shall not unduly discriminate against similarly situated customers.

018.03(J). In the event the Administering Utility also has an Affiliate that acts as a participant Supplier in a choice program, the Utility shall.

018.03(J)(i). Keep separate accounting records for the activities of the choice gas program and Affiliate Supplier;

018.034(J)(ii). Keep separate and distinct all marketing, advertising and other promotional activities.

018.04 SUPPLIER/AGGREGATOR CODE OF CONDUCT. Any tariff filed by the Administering Utility shall include a code of conduct for participating Suppliers or Aggregators. The Supplier/Aggregator code of conduct shall require at a minimum that all participating Suppliers and Aggregators:

018.04(A). Not misrepresent through word or action the quality or reliability of other Suppliers or Aggregators.

018.04(B). Not misrepresent or misquote the commodity price of any Supplier or Aggregator.

018.04(C). Not market or advertise its services in a misleading or deceptive manner.

018.04(D). Not engage in any activities detrimental to the customer including, but not limited to, activities such as slamming or cramming.

018.04(E). Not unduly discriminate against similarly situated customers.

018.05 SUPPLIER/AGGREGATOR ANNUAL REPORT. A Supplier or Aggregator participating in a Consumer Choice Program shall submit a report to the Commission pursuant to this section on an annual basis. The report shall be filed with the Commission no later than thirty (30) days following the close of the consumer choice Supplier selection period. The report shall include the following information:

018.05(A). The number of customers served by the Supplier separated into residential and commercial classes;

018.05(B). The highest and lowest fixed rate per therm price in each rate area of the Administering Utility selected by a customer during the selection period; and

018.05(C). The rate assigned to customers eligible to make a selection who did not make a selection during the selection period for each rate area of the Administering Utility served by the Supplier.

018.06 ADMINISTERING UTILITY ANNUAL REPORT. The Administering Utility shall submit a report to the Commission pursuant to this section on an annual basis. The report shall be filed with the Commission no later than thirty (30) days following the close of the consumer choice supplier selection period. The report shall include the following information:

018.06(A). A list of all Suppliers and Aggregators that participated in the choice gas program.

018.06(B). For each participating Supplier or Aggregator the number of customers that selected that Supplier or Aggregator, separated into residential and commercial classes.

018.07 EXAMINATION AND AUDIT REQUIREMENTS. Consistent with Neb. Rev. Stat. § 66-1818, the Commission may require an examination and audit of any Administering Utility.

019 AFFILIATES.

019.01 SCOPE. The following rules apply to Affiliates that sell natural gas purchased from a producer or other seller. A division of a Utility that operates as a functional unit within the Utility shall also be treated as an Affiliate for purposes of the Natural Gas and Pipeline Rules and Regulations. This section does not apply to Affiliates conducting non-regulated private enterprise business activity or Shared Resources Affiliates.

019.02 AFFILIATE RULES. All Affiliates must comply with the following:

019.02(A). Either employ separate personnel and not share any personnel with the Utility or allocate shared employee time between the Utility and the Affiliate.

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

019.02(B). Not create a conflict of interest between the employee incentive programs of the Affiliate and the Utility.

019.02(C). Own or lease its own office space that is reasonably separate from the Utility. Such office space may only be acquired from the Utility at market-based rates.

019.02D. If the Affiliate seeks to provide service over the system of the Utility with which it is affiliated, the Utility must have adopted a code of conduct approved by the Commission pursuant to these rules.

019.02(E). Purchase its own ancillary services related to the delivery of natural gas including, but not limited to, natural gas commodity, pipeline transportation, and pipeline storage. Such assets may only be acquired from the Utility at market-based rates. An Affiliate must not secure transportation, storage, or commodity from the Utility on a prearranged, non-posted basis except as otherwise provided in a nondiscriminatory fashion.

019.02(F). Receive no unduly preferential treatment through a tariff provision or otherwise from the Utility.

019.02(G). Receive no jurisdictional services from the Utility except those that are available per the Utility's tariff.

019.02(H). Be responsible for its own bad debt and the collection of such debts.

019.02(I). Not represent itself, either expressly or implicitly, as the Utility.

019.02(J). Keep separate records from that of the Utility.

020 EMERGENCY CURTAILMENT PLANS. A Utility's tariff shall identify the manner of curtailing or limiting natural gas consumption in the event of an emergency.

021 SEASONAL DISCONNECTIONS.

021.01 SEASONAL DISCONNECTION CHARGES PROHIBITED. Seasonal Disconnection Charges shall not be permitted. A Utility may charge reconnection fees equal to those charged to any other customer receiving service.

022 PUBLIC ADVOCATE.

022.01 LOCATION OF COMMISSION. For purposes of Neb. Rev. Stat. § 66-1832, the location of the Commission means Lincoln, Nebraska.

023 MAJOR OIL PIPELINES.

023.01 SCOPE. This section applies only to major oil pipelines. Nothing in Section 023 is

NEBRASKA ADMINISTRATIVE CODE
TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

intended to regulate safety as to the design, installation, inspection, emergency plans and procedures, testing, construction, extension, operation, replacement, and maintenance of major oil pipelines and pipeline facilities.

023.02 MAJOR OIL PIPELINE APPLICATION. A pipeline carrier proposing to construct a major oil pipeline to be placed in operation in Nebraska and who has submitted a route for an oil pipeline within, through, or across Nebraska but the route is not approved by the Governor pursuant to section 57-1503, shall file an application with the Commission and receive approval prior to beginning construction of the major oil pipeline within Nebraska. A pipeline carrier proposing a substantive change to the route of a major oil pipeline and who has submitted a route for an oil pipeline within, through, or across Nebraska but the route is not approved by the Governor pursuant to section 57-1503, shall file an application for the proposed change with the Commission and receive approval prior to beginning construction relating to the proposed change.

023.02(A) CONTENT OF APPLICATION. The application shall be accompanied by written agreement to pay expenses assessed pursuant to subsection 023.12 and written testimony and exhibits in support of the application. The application shall include:

023.02(A)(i). The name and address of the pipeline carrier;

023.02(A)(ii). A description of the nature and proposed route of the major oil pipeline including a map of the proposed route and evidence of consideration of alternative routes;

023.02(A)(iii). A statement of the reasons for the selection of the proposed route of the major oil pipeline;

023.02(A)(iv). A list of the governing bodies of the counties and municipalities through which the proposed route of the major oil pipeline would be located;

023.02(A)(v). A description of the product or material to be transported through the major oil pipeline including identification of the product or material; and for informational purposes only hazard(s) identification; composition/information on ingredients; first-aid measures; fire-fighting measures; accidental release measures; handling and storage; exposure controls/personal protection; physical and chemical properties; stability and reactivity; toxicological information; ecological information; disposal considerations; transport information; regulatory information. The requirement can be satisfied through the filing of a representative Safety Data Sheet;

023.02(A)(vi). The person who will own the major oil pipeline;

023.02(A)(vii). The person who will manage the major oil pipeline;

023.02(A)(viii). A plan to comply with the Oil Pipeline Reclamation Act; and

023.02(A)(ix). A list of planned methods to minimize or mitigate the potential impacts of the major oil pipeline to land areas and connected natural resources other than with respect to oil spills.

023.02(A)(x). For informational purposes only, a description of the method for state agencies and emergency response personnel to obtain current Safety Data Sheet(s) for the product(s) or material(s) being transported through the pipeline in the event of an incident.

023.02(A)(xi). An applicant must notify the Commission during the pendency of the application of any material change in the representations and commitments required by this subsection within fourteen (14) days of such change.

023.02(B) FILING AND NOTICE. Applications must be filed with the Executive Director at the Nebraska Public Service Commission. Pipeline carriers shall file an original paper copy of the application in addition to an electronic copy and five (5) paper copies.

023.02(B)(i). Pipeline carriers shall also file a copy of the application with the following agencies:

023.02(B)(i)(a). Department of Environmental Quality

023.02(B)(i)(b). Department of Natural Resources

023.02(B)(i)(c). Department of Revenue

023.02(B)(i)(d). Department of Roads

023.02(B)(i)(e). Game and Parks Commission

023.02(B)(i)(f). Nebraska Oil and Gas Conservation Commission

023.02(B)(i)(g). Nebraska State Historical Society

023.02(B)(i)(h). State Fire Marshal, and

023.02(B)(i)(i). Board of Educational Lands and Funds

023.02(B)(ii) NOTICE OF APPLICATION. The applicant shall publish notice of the application in at least one newspaper of general circulation in each county in which the major oil pipeline is to be constructed and forward a copy of such notice to the Commission. The applicant shall serve notice of the application upon the governing bodies of the counties and municipalities specified pursuant to subdivision through which the proposed route of the major oil pipeline would be located. The Commission may provide additional notice to natural resource districts in the area of the proposed pipeline. The Commission may publish a copy of the application on its website.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION
CHAPTER 9 – NATURAL GAS AND PIPELINE RULES AND REGULATIONS

023.02(C) PUBLIC REVIEW. Any documents or records relating to a major oil pipeline filed with the Commission shall be made available to the public consistent with the Nebraska public records laws, Neb. Rev. Stat. § 84-712 through 84-712.09 and any applicable federal law.

023.03 PROCEDURES AFTER RECEIPT OF AN APPLICATION. After receipt of an application, the Commission shall:

023.03(A). Schedule a planning conference to establish a procedural schedule for the application;

023.03(B). Within sixty (60) days of the date of the filing of the application, schedule a public hearing;

023.03(C). Notify the pipeline carrier of the time, place, and purpose of the public hearing;

023.03(D). Publish a notice of the time, place, and purpose of the public hearing in at least one newspaper of general circulation in each county in which the major oil pipeline is to be constructed; and

023.03(E). Serve notice of the public hearing upon the governing bodies of the counties and municipalities through which the proposed route of the major oil pipeline would be located as specified in subsection 023.02(B)(ii).

023.04 PUBLIC MEETINGS. The Commission may hold additional public meetings for the purpose of receiving input from the public at locations as close as practicable to the proposed route of the major oil pipeline. The Commission shall make the public input part of the record.

023.05 AGENCY REPORTS. Within thirty (30) days of the filing of the application, the agencies referenced in subsection 023.02(B)(i) shall file with the Commission a list of potential issues and an estimated budget for the completion of a report addressing those issues. If requested by the Commission, the agencies referenced in subsection 023.02(B)(i) shall file a report with the Commission, prior to the hearing on the application, regarding information within the respective agencies' area of expertise relating to the impact of the major oil pipeline on any area within the respective agencies' jurisdiction, including in such report opinions regarding the advisability of approving, denying, or modifying the location of the proposed route of the major oil pipeline.

023.05(A) The report shall be filed with the Commission at least ten (10) days prior to the hearing or as required by the Hearing Officer.

023.05(B) The agencies may submit a request for reimbursement of reasonable and necessary expenses incurred for any consultants hired pursuant to subsection 023.12.

023.06 PETITIONS FOR INTERVENTION, PROTESTS AND HEARING ON THE APPLICATION. The filing of petitions for intervention and protests and the conduct of the hearing shall be governed by the Rules of Commission Procedure.

023.06(A) HEARING.

023.06(A)(i). Although not a party to the application, the Commission staff may provide evidence during the hearing to ensure a complete record, including but not limited to testimony and/or reports of professionals or experts hired pursuant to Neb. Rev. Stat. sec. 57-1412.

023.07 BURDEN OF PROOF. An application under the Major Oil Pipeline Siting Act shall be approved if the proposed route of the major oil pipeline is determined by the Nebraska Public Service Commission to be in the public interest. The pipeline carrier shall have the burden to establish that the proposed route of the major oil pipeline would serve the public interest. In determining whether the pipeline carrier has met its burden, the Commission shall not evaluate safety considerations, including the risk or impact of spills or leaks from the major oil pipeline, but the Commission shall evaluate:

023.07(A). Whether the pipeline carrier has demonstrated compliance with all applicable state statutes, rules, and regulations and local ordinances;

023.07(B). Evidence of the impact due to intrusion upon natural resources and not due to safety of the proposed route of the major oil pipeline to the natural resources of Nebraska, including evidence regarding the irreversible and irretrievable commitments of land areas and connected natural resources and the depletion of beneficial uses of the natural resources. Such evidence may include but not be limited to the following:

0023.07(B)(i). an environmental impact study;

0023.07(B)(ii). a comprehensive soil permeability study;

0023.07(B)(iii). a distance-to-groundwater survey;

0023.07(B)(iv). evidence regarding the impact of the pipeline on wildlife; and

0023.07(B)(v). evidence regarding the impact of the pipeline on plants located within and surrounding the proposed route.

023.07(C). Evidence of methods to minimize or mitigate the potential impacts of the major oil pipeline to natural resources;

023.07(D). Evidence regarding the economic and social impacts of the major oil pipeline. Such evidence may include but not be limited to estimates regarding tax paid by the carrier to local and state government along the route of the proposed pipeline and information regarding impact on employment in Nebraska;

023.07(E). Whether any other utility corridor exists that could feasibly and beneficially be used for the route of the major oil pipeline;

023.07(F). The impact of the major oil pipeline on the orderly development of the area around the proposed route of the major oil pipeline;

023.07(G). The reports of the agencies filed pursuant to sub-section 023.05; and

023.07(H). The views of the governing bodies of the counties and municipalities in the area around the proposed route of the major oil pipeline.

023.08 COMMISSION ORDER.

023.08(A) TIME TO ENTER ORDER. Within seven (7) months after the receipt of the application, the Commission shall enter an order approving the application or denying the application.

023.08(A)(i). The Commission may, for just cause, extend the time for the entry of an order. The extension shall not exceed twelve (12) months after the receipt of the application unless all parties agree to a longer extension, except that no extension shall extend more than eight (8) months after the issuance of a presidential permit authorizing the construction of the major oil pipeline.

023.08(A)(ii). For purposes of determining the counting months, one (1) month shall equal thirty (30) days.

023.08(B) CONTENT OF ORDER. The Commission shall include in the order the findings of the Commission regarding the application and the reasons for approving or denying the application. The order approving the application shall state that the application is in the public interest and shall authorize the pipeline carrier to act under Neb. Rev. Stat. Sec. 57-1101.

023.09 AMENDMENT OF APPLICATION AFTER DENIAL. If the Commission denies the application, the pipeline carrier may amend the denied application in accordance with the findings of the Commission and submit the amended application within sixty (60) days after the issuance of the order denying the application. Within sixty (60) days after the receipt of the amended application, the Commission shall enter an order approving or denying the amended application after making new findings under subsection 023.07.

023.10 APPEAL. Any party aggrieved by a final order of the Commission regarding an application under the Major Oil Pipeline Siting Act, including, but not limited to, a decision relating to the public interest, may appeal. The appeal shall be in accordance with the Administrative Procedure Act.

023.11 STATUS REPORTS. If the Commission approves the application, the pipeline carrier shall file a status report with the Commission regarding the construction of the major oil

pipeline every six (6) months until the completion of the major oil pipeline within Nebraska. The pipeline carrier shall notify the Commission of the completion of the major oil pipeline within Nebraska within thirty (30) days after such completion.

023.12 ASSESSMENT OF EXPENSES. The Commission shall assess the expenses reasonably attributable to investigation and hearing regarding an application filed under subsection 023.02, including expenses billed by agencies filing reports as required in subsection 023.05 and both direct and indirect expenses incurred by the Commission or its staff or consultants, to the applicant as agreed under subsection 023.02.

023.12(A) BILLING OF EXPENSES. The Commission shall ascertain the expenses of any such investigation and hearing and by order assess such expenses against the applicant and shall render a bill therefor, by United States mail, to the applicant, either at the time the order under subsection 023.08 is issued or from time to time during such application process.

023.12(A)(i). Such bill shall constitute notice of such assessment and demand of payment thereof. Upon a bill rendered to such applicant, within fifteen (15) days after the mailing thereof, such applicant shall pay to the Commission the amount of the assessment for which it is billed.

023.12(A)(ii). The Commission shall remit the payment to the State Treasurer for credit to the Public Service Commission Pipeline Regulation Fund or shall direct the State Treasurer to credit any reimbursement of expenses billed by agencies pursuant to Section 023.05 to the appropriate fund of the appropriate agency.

023.12(A)(iii). The Commission may render bills in one fiscal year for costs incurred within a previous fiscal year.

023.12(B) FAILURE TO PAY ASSESSMENT. If any applicant against which an assessment has been made pursuant to this section, within fifteen (15) days after the notice of such assessment, (a) neglects or refuses to pay the same or (b) fails to file objections to the assessment with the Commission as provided in subsection 023.12(C), the Commission shall transmit to the State Treasurer a certified copy of the notice of assessment, together with notice of neglect or refusal to pay the assessment, and on the same day the Commission shall mail by registered mail to the applicant against which the assessment has been made a copy of the notice which it has transmitted to the State Treasurer. If any such applicant fails to pay such assessment to the State Treasurer within ten (10) days after receipt of such notice and certified copy of such assessment, the assessment shall bear interest at the rate of fifteen percent (15%) per annum from and after the date on which the copy of the notice was mailed by registered mail to such applicant.

023.12(C) OBJECTION TO ASSESSMENT. Within fifteen (15) days after the date of the mailing of any notice of assessment under subsection 023.12(A), the applicant against

which such assessment has been made may file with the Commission objections setting out in detail the grounds upon which the applicant regards such assessment to be excessive, erroneous, unlawful, or invalid. The Commission shall determine if the assessment or any part of the assessment is excessive, erroneous, unlawful, or invalid and shall render an order upholding, invalidating, or amending the assessment. An amended assessment shall have in all respects the same force and effect as though it were an original assessment.

023.12(C)(i) PAYMENT OF ASSESSMENT IF OBJECTION OVERRULED. If any assessment against which objections have been filed is not paid within ten (10) days after service of an order finding that such objections have been over-ruled and disallowed by the Commission, the Commission shall give notice of such delinquency to the State Treasurer and to the applicant in the manner provided for in subsection 023.12(B). The State Treasurer shall then collect the amount of such assessment. If an amended assessment is not paid within ten (10) days after service of the order of the Commission, the Commission shall notify the State Treasurer and the applicant as in the case of delinquency in the payment of an original assessment. The State Treasurer shall then collect the amount of such assessment as provided in the case of an original assessment.

023.12(C)(ii) APPEAL OF ORDER OVERRULING OBJECTION TO ASSESSMENT. Any party aggrieved by a final order of the Commission regarding an assessment under the Major Oil Pipeline Siting Act may appeal. The appeal shall be in accordance with the Administrative Procedure Act.
