

Nebraska Broadband Bridge Program

Company: Skywave Wireless, Inc.

Project: SE of West Point

Document: Attachment F

#### Rate Comparability Details

The rates available in the proposed project will be the same as our currently available rates outside the project area with the addition of a 100/100 Mbps plan for \$50/mo.

The table below shows the lowest advertised pricing that qualifies for the 100/100 Mbps tier. The average price of these six providers is \$61.32. Skywave plans on providing the 100/100 Mbps service tier for \$50. Skywave will not have usage caps, early termination fees, metered service or contracts that lock customers into certain prices or plans.

### Introducing UNLIMITED Broadband Only..... NO Phone Required.... NO additional taxes or fees!

Stanton Telecom is excited to NOW offer UNLIMITED broadband with NO home phone requirements. Even better news.... You can receive a gigabit of UNLIMITED Internet service through our Fiber Optic Network.

[Click here to check your internet speed using our HTML5 Speedtest page.](#) Speed results may be affected by the performance of the device, other running applications, and other devices connected to your network. For better performance, ensure router and other devices are gigabit compatible and capable of Wi-Fi 6 during wireless connectivity. Older devices may be limited to 100 Mbps.
