BY THE HEARING OFFICER:

On June 30, 2021, the Nebraska Public Service Commission ("Commission") opened the above-captioned docket to address an application filed by Black Hills Nebraska Gas, LLC d/b/a Black Hills Energy, of Rapid City, South Dakota ("Black Hills") to modify its tariff. The proposed modification relates to costs incurred by customers electing to convert to its Energy Options program subsequent to the February cold weather event.¹

A Petition for Formal Intervention was filed by WoodRiver Energy, LLC, of Denver, Colorado ("WoodRiver") on August 4, 2021. In its petition, WoodRiver states that the implementation of the proposed tariff change would directly affect WoodRiver's pecuniary and financial interests. WoodRiver states that its interests in this proceeding cannot be adequately represented by any other party.

Pursuant to the Rules of Commission Procedure, 291 Neb. Admin. Code § 1-015.01 et seq., I find that the above-listed petition for formal intervention should be granted, and WoodRiver Energy, LLC should be designated as a formal intervenor and a party to this proceeding. The WoodRiver further should be entitled to participate in this proceeding to the extent of its express interest in the matter and in a manner consistent with 291 Neb. Admin. Code § 1-015.01C.

¹ See Commission Docket No. NG-111, *In the Matter of the Commission, on its own motion, seeking to investigate the effect of the February 2021 cold weather event upon the cost of gas supply purchased by Nebraska gas utilities.*
