I/We DO NOT support the providers application because:

I/We support the provider's application because (select any that apply):

- The proposed service area is not able to receive reliable broadband service of 25/3 Mbps or greater.
- The proposed service area is not able to receive reliable broadband service of 100/20 Mbps or greater.
- The proposed project would result in the entire community having access to high-speed internet at 100/100 Mbps.
- The proposed service provider has consulted with the community in relation to community needs and affordability of the proposed service plans.
- Other reasons (please complete below)

Comments:

We would like to recommend Hartelco to be the internet provider for the Village of Wynot. The demand for high speed internet has increased for individuals like myself whose job requires working from home and also for my lambing sales and farming. My 3 kids need to be able to do schoolwork and my wife research for her job. The ability for households to have more reliable internet with high speeds is becoming essential for everyone's lifestyles.

Please feel free to include supplemental information regarding the proposed project as attachments to this form.
