I/We DO NOT support the providers application because:

I/We support the provider's application because (select any that apply):

- The proposed service area is not able to receive reliable broadband service of 25/3 Mbps or greater.
- The proposed service area is not able to receive reliable broadband service of 100/20 Mbps or greater.
- The proposed project would result in the entire community having access to high-speed internet at 100/100 Mbps.
- The proposed service provider has consulted with the community in relation to community needs and affordability of the proposed service plans.
- Other reasons (please complete below)

Comments:

Help to attract new residents and possible businesses.  
Help families work from home, school from home, use telemed services, and to keep up with the future of agriculture.  
Area is in need of reliable internet service that has more speed to keep up with multiple devices and an internet provider that doesn't consistently lose signal to where we aren't even able to connect to the service.

Please feel free to include supplemental information regarding the proposed project as attachments to this form.
