I/We DO NOT support the providers application because:

I/We support the provider's application because (select any that apply):

- The proposed service area is not able to receive reliable broadband service of 25/3 Mbps or greater.
- The proposed service area is not able to receive reliable broadband service of 100/20 Mbps or greater.
- The proposed project would result in the entire community having access to high-speed internet at 100/100 Mbps.
- The proposed service provider has consulted with the community in relation to community needs and affordability of the proposed service plans.
- Other reasons (please complete below)

Comments:

Our internet service presently is 900mhz and our TV service is Dish network both are highly susceptible to weather events such as rain storms and snow. Neither are very reliable. Stanton Telecom's fiber to the home would be a welcome addition to the 30+ homes around our lake community.

Please feel free to include supplemental information regarding the proposed project as attachments to this form.
