Comments:

When asking about internet speeds I was told
The most I could get was 200 down + 16 up,
We have P.O.S Systems that will need a better
Speed to run credit cards

Please feel free to include supplemental information regarding the proposed project as attachments to this form.

Comments:

For the price, speeds are not high enough.
I do frequent speed tests & results are never anywhere near the promised speed.
I would love to have fiber internet as an option

Comments:

After years of slow, or periods of no service, I recently called to trouble shoot why I was getting no where near 100mbps. My speed tests were between 20-60 mbps. The Technician on the phone confirmed I was under 50 mbps, took over 30 mins of troubleshooting, rebuilt my network, but never told me my final speed. My internet is still painfully slow, and videos, pics, news articles sometimes wont load.
(Just tested: 25.6 / 2.34.59 / 3.32.45)

Comments:

As a business in this town, I need a lot faster speeds than what I am getting. On a speed test, Kinetic by Windstream 50.96.11.167, that I performed on 4-20-23 at 11:08 am, I had a download speed of 43.21 mbps + a upload speed of 42.69. This is not acceptable to running my business.

Please feel free to include supplemental information regarding the proposed project as attachments to this form.

More information about the Capital Projects Fund grant program or the Nebraska Broadband Bridge Program, including a map and an electronic version of this form, can be found on the Nebraska Public Service Commission (PSC) website at: <https://psc.nebraska.gov/telecommunications/nebraska-broadband-bridge-program-nbbp>.
