

Capital Projects Fund Community Feedback Form

PROJECT DETAILS

Applying Service Provider: AMG Technology - Nextlink Internet

Project Name: AMG Technology Project Filley NBBP 2023

Description of Proposed Project Area:

Fiber to Unserved and Underserved Locations in Filley, NE

Name of person/entity completing the form: Betty Norton

Community Role (mark one):

- | | |
|--|--|
| <input checked="" type="checkbox"/> Community Member | <input type="checkbox"/> Local Business: _____ |
| <input type="checkbox"/> Local Government: _____ | <input type="checkbox"/> Local Nonprofit: _____ |
| <input type="checkbox"/> Tribal Government: _____ | <input type="checkbox"/> Other (describe): _____ |

I/We DO NOT support the providers application because:

I/We support the provider's application because (select any that apply):

- The proposed service area is not able to receive reliable broadband service of 25/3 Mbps or greater.
- The proposed service area is not able to receive reliable broadband service of 100/20 Mbps or greater.
- The proposed project would result in the entire community having access to high-speed internet at 100/100 Mbps.
- The proposed service provider has consulted with the community in relation to community needs and affordability of the proposed service plans.
- Other reasons (please complete below)

Comments:

We have DSL service through Amdt, 18Mbps upload & 2.94Mbps download.
Definitely under unserved.
Fiber connection would increase speed Reliability of Internet.
In today's world good Internet is a Must.
For both personal & work usage.

Please feel free to include supplemental information regarding the proposed project as attachments to this form.

More information about the Capital Projects Fund grant program or the Nebraska Broadband Bridge Program, including a map and an electronic version of this form, can be found on the Nebraska Public Service Commission (PSC) website at: <https://psc.nebraska.gov/telecommunications/nebraska-broadband-bridge-program-nbbp>.

If you have questions regarding the Capital Projects Fund grant program, please e-mail psc.broadband@nebraska.gov or you may contact the Nebraska Public Service Commission Consumer Advocate during regular business hours (Monday-Friday, 8:00 a.m.-5:00 p.m. CT) by calling 402-471-3101 or toll free in Nebraska at 1-800-526-0017.

Name: Billy [Signature] Date: 4/24/23
Signature: _____

Please return completed feedback forms and any supplemental information **no later than April 24, 2023**, via e-mail to psc.broadband@nebraska.gov or via mail to 1200 N Street, 300 The Atrium, Lincoln, NE 68508.

Comments:

I live at 303 Ford St. in Filley and our household is currently utilizing windstream as an internet provider. My speed test is 65/24 which does not meet our needs. The use of internet is essential to our daily lives. I currently work from home, use live streaming and more. I support Nextlink's fiber build as our connection would be better and more reliable.

Caylee Mason

Comments:

We live at 501 McLean Street in Filley. Hindstream is our internet provider and our speed test today was 34 Mbps although we pay extra each month for 100 Mbps... We are underserved. Internet is necessary for live streaming, health care and much more. We support NextLink's fiber build as we would experience a more reliable and better internet connection without buffering.

Please feel free to include supplemental information regarding the proposed project as attachments to this form.

More information about the Capital Projects Fund grant program or the Nebraska Broadband Bridge Program, including a map and an electronic version of this form, can be found on the Nebraska Public Service Commission (PSC) website at: <https://psc.nebraska.gov/telecommunications/nebraska-broadband-bridge-program-nbbp>.

Comments:

we stream our TV service -
so we must have great internet
to do this successfully -
very poor internet service to
fully as of right now -
our phones depend on good internet
as well -

Comments:

As teachers, we need to have a lot better internet services for our jobs. Since 2020, educational meetings have moved to more virtual than in-person. Since the internet speed is so slow and disruptive at our house (115 Ford St.) it is very difficult for us to do our jobs as effectively as needed. Also, with our son in high school, numerous times he's been unable to connect his Chromebook and complete assignments for homework. It is beyond frustrating! Thank you!

Our current internet speed is: 166 (signal strength); Download 1.21 Mbps; Upload 0.56 Mbps
