

Capital Projects Fund Community Feedback Form

PROJECT DETAILS

Applying Service Provider: AMG Technology - Nextlink Internet

Project Name: AMG Technology Project Pickrell NBBP 2023

Description of Proposed Project Area:

Fiber to Unserved and Underserved Locations in Pickrell, NE

Name of person/entity completing the form: Kelly Lenners

Community Role (mark one):

Community Member

Local Business: First State Bank Nebraska

Local Government: _____

Local Nonprofit: _____

Tribal Government: _____

Other (describe): _____

I/We DO NOT support the providers application because:

I/We support the provider's application because (select any that apply):

- The proposed service area is not able to receive reliable broadband service of 25/3 Mbps or greater.
- The proposed service area is not able to receive reliable broadband service of 100/20 Mbps or greater.
- The proposed project would result in the entire community having access to high-speed internet at 100/100 Mbps.
- The proposed service provider has consulted with the community in relation to community needs and affordability of the proposed service plans.
- Other reasons (please complete below)

Comments:

As Regional President of First State Bank Nebraska, I personally work in our bank branch location in Pickrell and see how vital a reliable internet service is to our community. In order to process our banks local customers needs for deposits, withdrawals, insurance and loan needs, our time is their time and money for their commercial and Ag businesses. Recently the bank has had teller systems, computer network systems and fax systems be unavailable because the network is internet based. Having broadband would give us a more reliable system to quickly service our customers and process their requests in a more timely manner. This allows them and their businesses to access money and attend to their products + services quicker.
Thank you!
KJP

Please feel free to include supplemental information regarding the proposed project as attachments to this form.

More information about the Capital Projects Fund grant program or the Nebraska Broadband Bridge Program, including a map and an electronic version of this form, can be found on the Nebraska Public Service Commission (PSC) website at: <https://psc.nebraska.gov/telecommunications/nebraska-broadband-bridge-program-nbbp>.

Comments:

We live at 501 Madison, Pickrell.
I currently have internet through windstream
My internet speed is up to 100mb. A
higher internet speed would be better for
my daily events. We use the internet
for our daughter in school, work,
social event, TV. We would support
Next link fiber build to better serve
our house and town. Thanks

Please feel free to include supplemental information regarding the proposed project as attachments to this form.

Comments:

I reside at 202 Madison Street, Pickrell, NE. The highest internet speed I can purchase from Windstream is 100/10, which is underserved. I use my internet everyday to connect to my work, my doctor reports, my pharmacy prescriptions, connect to daily news and weather, and live stream TV. I support Nextlink fiber build to better serve my needs and those in our rural community.

Please feel free to include supplemental information regarding the proposed project as attachments to this form.
