RE: Black Hills Nebraska Gas, LLC

Revisions to Rate Schedules and Other Charges, Schedule of Rates

To Adjust Customer Charges to Relect the Customer

Retention Incentive Program Charge

Dear Mr. Golden:

Pursuant to Section 66-1808 of the State Natural Gas Regulation Act, Black Hills Nebraska Gas, LLC d/b/a Black Hills Energy ("BHE" or the "Company") herewith submits for filing with the Nebraska Public Service Commission ("Commission") the original and one paper copy of the following tariff sheet:

Tenth Revised Sheet No. 78, Canceling Ninth Revised Sheet No. 78.

By this filing, BHE is proposing to adjust the Customer Charges applicable to Residential and Commercial customers in Rate Areas 1-3 and 5. The filing reflects changes in the overall Customer Charges of \$0.29 per month to cover the costs of BHE's HEAT (High Efficiency Assistance Tool) Program. The new HEAT Charge that BHE is proposing in this filing is an increase from \$0.25 to \$0.29 per month for Rate Areas 1-3 and 5.

The tariff sheet included with this filing bears a proposed effective date of January 1, 2024. Also included, as Exhibit C, is the Annual Report required by Sheet No. 132 of the Company's Nebraska Gas Tariff.

The HEAT Program originally was approved by the Commission by its Order Approving Stipulation entered on December 27, 2006, in Commission Docket No. NG-0036. Pursuant to the approved Stipulation, and also by the Commission's Order Granting Application in Part entered on March 9, 2010, in Commission Docket No. NG-0060, the Company recovers, through its rates, the cost of rebates for space and water heating appliances issued through the HEAT Program via the HEAT Charge which is added to the monthly Customer Charge pursuant to Sheet No. 132 of BHE's Nebraska Gas Tariff. Pursuant to the Commission's Order Granting Application in Part

Mr. Golden August 1, 2023 Page 2

entered on May 22, 2012, in Commission Docket No. NG-0067, the determination of the HEAT Charge now includes a reconciliation of HEAT Program costs and revenue collections, to ensure that costs are collected on a dollar-for-dollar basis under the HEAT Program.

Sheet No. 132 of BH's Nebraska Gas Tariff establishes the various terms of the Customer Retention Incentive Program, including the manner in which the monthly HEAT Charge is calculated. The above-referenced HEAT Charge of \$0.29 per month was calculated pursuant to the requirements of Sheet No. 132.

This filing includes the following exhibits:

Exhibit A — Clean version of Tariff Sheet No. 78. Exhibit B — Redlined version of Tariff Sheet No. 78.

Exhibit C – Calculation of the Monthly HEAT Charge (Annual Report).

Exhibit D — The Nebraska HEAT Program — Furnace Rebate Form and the Nebraska

HEAT Program – Water Heater Rebate Form for eligible customers to use

to claim a rebate from BHE under the terms of the HEAT Program.

Notice of the proposed revisions contained in Sheet No. 78 is being given to the Commission and the public by this tariff filing. A copy of the complete filing (cover letter and Exhibits A-D) is also being provided electronically in PDF format by email.

If you have any questions regarding the enclosed filing, please contact me at your convenience.

Respectfully,

/s/ Margaret McGill

Margaret McGill
