

**NEBRASKA PUBLIC SERVICE COMMISSION
ELECTRIC TRANSMISSION LINE CONSTRUCTION - APPLICATION FORM**

002.02

APPLICATION TO CONSTRUCT, OPERATE, AND MAINTAIN ELECTRIC TRANSMISSION LINE(S)				
<p>By submitting this form, Applicant requests authority to construct, install, operate, and maintain an electric transmission line(s), outside the limits of an incorporated city or village, pursuant to the route shown in Exhibit A, and in accordance with the specifications in Exhibit B.</p> <p>The application and applicable attachments are to be mailed to the Commission and to all persons and corporations which own and operate electrical, communication, or railroad signal lines located within the respective distances listed in the matrix below.</p>				
Distance to existing electrical, communication, or railroad signal line	0 to 75 Feet	76 to 500 Feet	501 to 1320 Feet (0.25 Mile)	Greater Than 1320 Feet (0.25 Mile)
0 to 700 Volts	Commission authorization not required*	Commission authorization not required*	Commission authorization not required*	Commission authorization not required*
701 to 15,000 Volts	Commission authorization required **	Commission authorization required if line length is greater than 660 feet**	Commission authorization not required *	Commission authorization not required *
		Commission authorization is not required if line length is equal to or less than 660 feet *		
15,001 Volts or greater	Commission authorization required **	Commission authorization required **	Commission authorization required **	Commission authorization not required *
<p>*- Commission authorization is required for any construction, alteration, or modification to any overhead wire or cable, the height of which is greater than five (5) feet above the elevation of any airport, landing field, or landing strip, which has been approved and licensed by the Department of Aeronautics, for each 500 feet of distance that such construction is, or will be, situated from the nearest boundary of such airport.</p> <p>** - In place of this application, a party may utilize the 60 day notice provision described in the Commission's rules and regulations (002.06C), if any approved and licensed airport, landing field, or landing strip is outside the distances described in # above. In place of an Application, complete/submit the 60 day notice form.</p>

**NEBRASKA PUBLIC SERVICE COMMISSION
ELECTRIC TRANSMISSION LINE CONSTRUCTION - APPLICATION FORM**

002.02

APPLICATION TYPE						
Application type (Please check one)	Pre-construction application	<input type="checkbox"/>	Delayed (post construction) application (002.05) For only line extensions carrying over 700 volts, not to exceed 2,640 feet (0.5 mile) in length.	<input type="checkbox"/>	Supplemental application (002.04) For projects that were not built in accordance with Commission authorization	<input type="checkbox"/>

EXHIBIT A (ATTACH ONE ROUTE MAP TO THIS APPLICATION AND PROVIDE TWO ADDITIONAL COPIES)

Applicant informs the Commission that to the best of the applicant's belief and knowledge, the only persons, firms, associations, or corporations owning existing railroads, electric transmission, telephone, telegraph, signal, or other wire lines and/or owning airports, landing fields, or landing strips which have been approved and licensed by the Department of Aeronautics, which will or may be affected by the construction and operation of the electric transmission line(s) proposed herein, are named and shown on Exhibit A.

Indicate either Yes, No, N/A, or Unavail.	Exhibit A minimum requirements listed below.
	Route map provided using a scale that adequately provides the necessary detail (regulations state a default of 1 inch per mile) . A scale must be included on the map.
	Route map extends a minimum of one-quarter mile beyond all proposed construction
	County(ies), townships, ranges, and sections the proposed transmission line(s) cross are shown
	Nearby city(ies) and village(s) within one-quarter mile of proposed transmission line(s) are shown
	The side of the road to be occupied is shown
	All nearby railroad lines are shown
	All nearby existing electrical and communication lines are shown
	All nearby railroad signal lines are shown
	All electrical, communication, and railroad signal lines are properly labeled
	Owners/operators and mailing addresses of all nearby electrical, communication, and railroad signal lines are shown in legend
	If applicable, all nearby approved and licensed airports/landing fields/landing strips are shown
	Owners/operators and mailing addresses of all nearby approved and licensed airports/landing fields/landing strips are shown in legend
	Applicant identification number or other application specific identification is shown
	Applicant name and address is shown
	Length, phase, number of wires, and voltage for each proposed line is shown
	All nearby irrigation systems in operation at the time of construction are shown
	Other structures, including wells, which merit safety consideration are shown
	Line removals pertinent to this application are shown

EXHIBIT B (ATTACH ONE SPECIFICATION FORM TO THIS APPLICATION AND PROVIDE TWO ADDITIONAL COPIES)

The specifications, contained in Exhibit B, of the proposed electric line construction must contain sufficient detail regarding the type and manner of construction. Said specifications meet or exceed the minimum requirements of Nebraska law and rules and regulations of the Nebraska Public Service Commission.

There are two versions of the Exhibit B form – one for overhead lines and one for underground lines.

EXISTING RAILROAD, ELECTRIC TRANSMISSION LINES, TELEPHONE LINES, SIGNAL LINES, AND OTHER WIRE LINES NOTIFICATION REQUIREMENT

Applicant is required to notify parties along, across, or contiguous to the project route of the proposed electric line construction and supply them with copies of the attached Exhibit A and Exhibit B. Signed waiver forms from owners/operators regarding the proposed electric line construction shall be provided to the Commission.

Completed waiver forms attached? (Check if Yes)	List below each person and/or corporation which owns or operates electrical, communication, or railroad signal lines. Each owner/operator must be listed on Exhibit A.
