Qwest Corporation d/b/a CenturyLink QC

Fremont District 1 NBBP/CPF Grant Application

CenturyLink QC is requesting non-contiguous areas for this grant application. All project areas are within the Fremont exchange and will be served using the same electronics in the Fremont central office. The project areas are non-contiguous as the remaining areas are considered served at 100/20 Mbps or greater speeds and thus do not qualify for NBBP CPF grant funding.
