Qwest Corporation d/b/a CenturyLink QC

Fremont District 1 NBBP/CPF Grant Application

Once construction is complete for this project, CenturyLink QC will be providing services to residents at the same location where they can see their available services today, at <https://www.centurylink.com/>

Pricing for CenturyLink QC broadband service is established at a national level and currently priced at

Speed	Price	WiFi Router
200Mbps/200Mbps	\$30.00/month (plus taxes & fees)	\$15/month (or customer provided)
940Mbps/940Mbps	\$70.00/month (plus taxes & fees)	Included

CenturyLink QC's offering is for symmetrical upload/download speeds. This is explained in the Frequently Asked Questions section of the above referenced website. "What is the upload speed of my CenturyLink home internet service?"

There are no term limits, contracts to sign or early termination fees for these services. CenturyLink QC does not apply data caps or speed throttling to its services and does not offer metered "pay-as-you-go" services.

An example on the CenturyLink website:

The screenshot shows the CenturyLink website interface. At the top, there are navigation links for "Chat" and "Contact Us". Below that, the CenturyLink logo is followed by "For Home" and "For Business" tabs. A search bar contains "80218", and there are links for "Support" and "Sign In". The main content area features a large banner with the text "We've got your need for speed." and "Check your top speeds up to 940 Mbps...". Two service cards are displayed: one for "Up to 200 Mbps" Fiber Internet priced at \$30/MO, and another for "Up to 940 Mbps" Fiber Internet priced at \$70/MO. Both cards list benefits such as "20X faster upload speed than cable*", "Unlimited data on a 99.9% reliable** network", and "FREE modem and installation - \$329 value". A search bar at the bottom prompts the user to enter their "Street Address, City, State, Zip Code (Without Apt/Unit)" and includes a "Get Internet" button. A footer navigation bar includes links for "Internet", "TV", "Phone", "Accessories", and "Fiber Internet".
