Attachment: C – 100/100 Mbps service speeds

As of September 2021, Consolidated Telco, Inc. is providing 100/100 or higher service in its service area to 5 customers.

The screenshot below is from Consolidated’s website showing the \$99.95 advertised rate for 100/100 Mbps service.

The screenshot shows the Consolidated website's internet service page. The header includes the company name 'Consolidated' and navigation links for 'Internet', 'Phone', 'Support', 'About', and 'Contact'. A main banner features the text 'Never worry about going over on data limits.' and an image of a family using a laptop. Below the banner, a section titled 'Internet Service' contains a paragraph about service requirements and a call to action: 'Call to see what service is in your area 800-742-7464'. A table titled 'Internet Pricing*' lists various service tiers with their respective download/upload speeds and monthly prices. To the right, a box titled 'Reap the benefits of High-Speed Internet access today!' lists benefits like fast downloads, no data caps, and multiple streaming devices, with a prominent '800-742-7464' call to action button.

Consolidated used to require a phone line to order internet service. But no more. We now offer fast and reliable connections without a phone line. A great value is not the only good news. Our Internet Only plans also come with free activation and local technical support.
