

Applicant: Consolidated Telephone Company ("Consolidated")

Project: Arthur

Attachment: F – Rate Comparability

Consolidated's current rate \$99.95 rate for 100/100 Mbps service is contained on Consolidated's website (screen shot below). Upon being awarded a grant in the 2022 Broadband Bridge Program Bridge Act Program, Consolidated will offer 100/100 Mbps service for \$79.95 in the awarded project areas. Consolidated's internet service does not have data caps, usage limitations, long term contracts, early termination fees or metered "pay-as-you-go" type of service.

Internet Service

Consolidated used to require a phone line to order internet service. But no more. We now offer fast and reliable connections without a phone line. A great value is not the only good news. Our Internet Only plans also come with free activation and local technical support.

1. Service availability depends on location. Speeds are based on maximum attainable speed. All prices exclude landline service. All Internet packages require an activation fee. Call for availability.

To further support that the \$79.95 retail rate for 100/100 Mbps is comparable, Consolidated looked at the FCC's most recent Urban Rate Survey results (FCC Public Notice DA 21-1588 rel. December 16, 2021). In this survey, the FCC's benchmark retail rate for 100/100 Mbps service is \$96.47 (screen shot below).
