

**Attachment D**  
**Springfield (RDOF) Cluster Noncontiguous Project Explanation**  
**Cox Communications**

Cox Communications service area covers a substantial part of Eastern Nebraska and includes portions of Fort Calhoun, Blair, Fremont, Gretna, Omaha, Bennington, Papillion, Venice, Springfield, Bellevue, and Elkhorn. The Sarpy County cluster is in close proximity to our Gretna market and the noncontiguous area would accelerate RDOF build and bridge the divide between the Gretna and southwest Springfield communities.
