Speed Delivery Project Proof

Cox Communications

Speed Delivery Documentation

Included in this attachment are results of speed tests from current Cox employees living in the area and Form 477 filings location summaries for areas in proximity. As of June 27, 2022, Cox delivers speeds of 100/100 Mbps or higher to many subscribers in our recent builds. Below we have attached speed tests from 3 subscribers and FCC 477 data describing symmetrical speeds available in Nebraska communities.
