Dear Commissioners,

Thank you so much for the opportunity to comment on Application 911-073/PU232.

In regards to the above application there were a few comments I would like to make.

We would like to see expanding the eligible use of the funding allocations to include radio equipment or any other expense to run a 9-1-1 Center to include personnel costs.

We don't see a reason to change the auditing of the wireline funds. Currently our 9-1-1 surcharge funds are submitted directly to the County and our County is having those funds audited by the State Auditors.

Since the adoption of regional 9-1-1 systems across the state, we could like to see some of costs funded to the PSAP regions.

Respectfully,

A handwritten signature in black ink that reads "Ken Moody".
