Dana, thank you for the introduction!

Winnebago Tribal Council – As Dana mentioned, I would enjoy the opportunity to connect with one or more of you in the coming days. Fastwyre is working on a grant application to support the extension of fiber to select addresses with Winnebago. Not only would this grant help support upgrading these select addresses to a high-speed fiber broadband solution, it would also help our efforts to expand that service into other portions of the community. Please let us know if there is a good day / time for us to connect either this week or next.

I'm looking forward to meeting all of you either in person or via virtual meeting, whatever works best for you.

Best,
Jason
