Ex. “[Applicant Name]_[Attachment Letter]_1”, “[Applicant Name]_[Attachment Letter]_2”, etc.

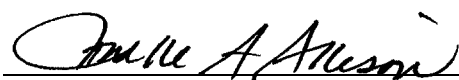

- Technical Capability: Attach a detailed network proposal in addition to documents showing a demonstrated history of at least two (2) years of service at the speeds for which the applicant proposes to bid and with the technology to be used to complete the proposed deployment. (Attachment Letter: A)
- Financial Capacity: Attach documentation of financial information showing the applicant’s financial capability to bid on the proposed service areas. This should include audited financial statements along with an opinion letter when the applicant or its parent company are audited in the ordinary course of business. The applicant agrees to refrain from any discussion of eligible areas, bids, bidding strategies, or agreements to bid or not bid on eligible areas with other participants at any point during the auction. The applicant agrees to perform and adhere to all requirements for funding, and to comply with all state and federal regulations and requirements pertaining to this program. The applicant agrees not to use equipment prohibited by the FCC within the network, to offer rates in the project area that are comparable to the rates offered by the applicant in urban areas outside the project area and as compared to the FCC’s national rate survey, to submit network performance (speed and latency) testing information as prescribed by the Commission, and to complete the project build within two (2) years following the grant award unless granted an extension.
