Capital Projects Fund broadband grant program:

The Village of Niobrara recognizes the importance of high-quality broadband to all the citizens of our community. Great Plains Communications has provided high-quality telecommunications and internet services to the Village of Niobrara for many years. The project being proposed by Great Plains Communications will allow them to build fiber for internet to the homes of all residents and businesses in Niobrara.

Therefore, the Village of Niobrara supports the Great Plains Communications Capital Projects Fund application and a resolution supporting such application will be voted on at our next meeting on March 7, 2023 and a copy of the resolution will be forwarded to the Public Service Commission at that time.

Sincerely,

Jody Stark  
Chairperson, Board of Trustees  
Village of Niobrara
