Essential Email Security

Hartelco's Email Filter captures spam and quarantines it so that you don't have to deal with it in your Inbox. This spam filter checks for sexually explicit, get rich quick, racially insensitive and special offers emails as well as any email containing malicious content or an email bearing virus. Hartelco Spam Filter captures and filters at least 98% of spam sent to HartelcoNet customers.

\$1.00/month per filter
