Mobius Communications will offer high quality Fiber Broadband to the residents and businesses located within the “MOBIUS NBBP BOX BUTTE 22” service area. Having reliable Internet service is more important than ever these days. Whether our customers home school, work from home, stream entertainment, or are hardcore gamers, Mobius Communications has the speed to meet all our customer needs. Service plans and options include:

Speed Tier	Price includes modem to connect devices to the Internet
25 Mbps	\$ 40.00
50 Mbps	\$ 60.00
100 Mbps	\$ 85.00
200 Mbps	\$115.00
300 Mbps	\$145.00
1 G	\$169.00

All service plans offer symmetrical upload and download speeds to give our customers a fast and reliable Broadband experience. No service contract obligations and no data caps help make our plans accessible to all residents and businesses within the service area.

Mobius Communications is a participant in the Federal Lifeline Program. This program will reduce the broadband cost of our qualifying residential customers by \$9.25/month to residents who participate in programs such as SNAP, Medicare, SSI, Federal Public Housing, Veteran/Survivor Pensions, or are at 135% or below the poverty level.

Mobius Communications is also a participant in the Affordable Connectivity Program (ACP). The program can reduce the broadband cost for qualifying residential customers by a current broadband service discount up to \$30/month. The FCC is offering this permanent program to help families and households struggling to afford Broadband Internet service in these uncertain times.

With participation in both the Lifeline and ACP programs, all residents in the “MOBIUS NBBP BOX BUTTE 22” service area, including even the most disadvantaged will find a reliable broadband solution to meet their needs. ***A Lifeline/ACP eligible customer who subscribes to our 25 Mbps Fiber Broadband would pay just \$0.75/month for their Broadband Service. (\$40-\$9.25 Lifeline - \$30 ACP = \$0.75)***

Fiber Broadband will impact the lives of all residents and businesses in the “MOBIUS NBBP BOX BUTTE 22” service area. Having access to high speed and reliable broadband will offer opportunities to compete in a wider market range for businesses, provide access to higher learning for personal growth, make home and business security a reality, and offer the chance for employment for our children who would like to remain part of our rural community following graduation.
