Dear Broadband Bridge Grant Committee,

Sioux County is the last place west in the state of Nebraska and is a great place to live. Unfortunately, we lack internet services living as remotely as we do. The Sioux County Commissioners are supporting a grant that Mobius Communications is applying for. This grant will give our rural customers an opportunity to be served with broadband to their home.

We chose to live in rural Nebraska, as Chairman of the Commissioners I and my entire Board want to help my constituents to be able to continue to live and work where they want. If we want to see rural America remain strong, we need to offer young adults a place to come home to where they can work remotely and live the life with their families as they did growing up.

This is a chance to enhance our economy and keep our little communities alive and growing. We hope you will consider this grant submitted for our rural western Nebraska by Mobius.

With regards,

*Michelle Zimmerman, Sioux County Clerk*

Chairman, Sioux County Board of Commissioners
