

Construction Notification Doorhanger

We are working in your neighborhood

Cox is bringing a new fiber-optic network to your neighborhood to make sure you experience the connections that matter most.

What to expect during construction:

- Construction is planned to begin in the next 48 hours and last for about 60 days.
- Your current services won't be affected.
- Teams will mark any existing gas, water, sewer, telephone and cable lines (per state and local regulations).
- Digging will not necessarily occur at these marked areas.
- We'll install pedestals to bridge the connections between the new fiber optic network and the homes.

If you have any questions, please contact:
