002.04 Schedules: Schedules containing the actual rates or charges of such carrier for the transportation of passengers or household goods in intra-state commerce will be filed with and approved by the Commission, published and kept open for public inspection. In the event that such rates are changed after a permit is issued, the carrier will file a new schedule with the Commission ten (10) days before the effective date of such rates or charges.

003.01 Service Classifications: Every applicant for common or contract transportation will designate the type of transportation service requested from the classifications found in this section and will further designate whether (1) such service as requested will be provided as a common carrier or as a contract carrier and, if a contract carrier, the persons or entities contracted with; (2) the service, if granted, will be provided over (a) a regular route which route shall be described in the application or (b) an irregular route which territory the applicant
