

Nebraska Telecommunications Relay Service Notification Requirements

Pursuant to the NPSC Telecommunications Rules and Regulations sections 010.09 and 010.10, local carriers are required to provide printed directory information and annual notification to its subscribers regarding the Nebraska Telecommunications Relay System (TRS) services. The annual notification requirement may be provided to subscribers in any of the following forms: 1) A published advertisement in a statewide or local newspaper in the area; 2) A bill insert; 3) Separate letters or postcards; or 4) A press release.

Complete the following certification and return it with copies of the required information provided by the carrier on TRS for the previous calendar year with the carrier's Annual Report by April 31, 2021.

CERTIFICATION

_____ **Directory Requirements.** Carrier hereby certifies that printed directory information was provided to the local/regional directory provider at no charge regarding TRS services. A copy of the information included in the local/regional directory provider is attached.*

_____ **Notification Requirements.** Carrier hereby certifies that subscribers were notified regarding TRS services in the previous calendar year. A copy of this information is attached.**

_____ Carrier certifies that the directory and notice requirements were **NOT** complied with for the previous calendar year. Carrier shall begin notifying subscribers immediately, ensure required information is contained in the next printed directory, and provide appropriate copies to the Commission.
