As required by order of the Nebraska Public Service Commission in Docket NUSF-131, Progression Order #2, winning bidders in the 2024 NUSF-131 Reverse Auction must conduct speed testing and submit results of speed tests within thirty (30) days of project completion.

The questions below should be filled out with the most accurate information currently available. When describing locations currently served, each location included in the totals below must be part of the project area and must be able to be served at a minimum of 100/100 Mbps speed as of the date of this report.

Please attach documentation supporting speed testing information for the project listed above. Documentation attached should demonstrate that the tests reflect actual download and upload speeds experienced by household users, that the tests were performed using a random sample of locations of consumers who subscribe to the network, including testing performed during times of peak usage. At least one test per hour must be conducted during the test window, with one week of testing for each project. Relevant documentation and supporting information should be attached as needed.

Speed test results should be summarized in tabular format and attached to this certification. The table must include service address, test start (date/time), test end (date/time), download speed result, and upload speed result. In addition to the summary table, supporting documentation must be provided to support the speed test results for individual locations.

*Speed Test Summary Example:*

Service Address	Test Start (date/time)	Test End (date/time)	Download Speed Result	Upload Speed Result
123 Main St, Hometown NE 68000	7/10/2023; 5:33:00 PM	7/10/2023; 5:34:00 PM	124.33 Mbps	112.46 Mbps
890 Mockstreet, Hometown NE 68000	7/10/2023; 6:35:00 PM	7/10/2023; 6:36:00 PM	120.45 Mbps	110.76 Mbps

Should an applicant's testing fail to reflect that the entire project area is capable of being served at the required speeds, the applicant must submit along with speed test results a written proposal to remedy the deficiencies. This proposal must include the date upon which speed testing will be conducted a second time, which must be no later than sixty (60) days following the initial speed testing.

*Please select one of the following:*

- I hereby certify that the attached speed test results reflect that the entire project area is capable of being served with a minimum of 100/100 Mbps service.
- The attached speed testing does not reflect that the entire project area is capable of being served with a minimum of 100/100 Mbps service. A plan for remediation is attached.
